ANNUAL REPORT

OF THE

TOWN ACCOUNTANT

FOR THE

TOWN OF PLAINVILLE

FOR THE YEAR ENDING JUNE 30, 2004

ANNUAL REPORT OF THE TOWN ACCOUNTANT
for the
Fiscal Year July 1, 2003 to June 30, 2004

The Town Accountant/Town Auditor has the responsibility to maintain the municipality's key financial records, ensure that proper procedures are being followed, and review proposed expenditures to make sure that money has been lawfully appropriated to pay for them, or that the expenditure complies with the laws and regulations established for them. Also, the position requires reporting this information at the local, state and federal level.

The Town Accountant/Auditor position is described in the Massachusetts General Laws (MGL), Chapter 41. Federal laws, Massachusetts laws, and Plainville by-laws further define the rules and regulations that guide the Town Accountant/Auditor in carrying out the responsibilities of this position.

The Town's records are audited annually by a CPA firm. The most recent audit of the Town's financial records was completed February 23, 2004 for the Fiscal year ended June 30, 2003. Copies of our audited financial statements are available for perusal and reference in my office and the Town Clerk's office.

The statements that follow will describe the town's financial activity in a summary form, but are descriptive enough to have meaning. The format is essentially the same one I have used to report to the Town since 1992, improved or augmented to capture as much information while maintaining readability. If these reports trigger a question or suggestion, please contact me at Town Hall (508) 695-3142, extension 25.

I extend my appreciation to all the Town employees who share the effort to maintain professional management of the Town's finances. We work as a cooperative unit and share in the successes we've experienced.

Respectfully submitted,

Vera L. MacDonald
Town Accountant

Michael J. Coates 1/26/04
Constable Date

Special State Primary - February 3, 2004

Pursuant to the foregoing warrant for the Special State Primary Election that was held in the Beatrice Wood Elementary School, 200 South Street, Plainville, Massachusetts, Norfolk County,

The following election officials were sworn into their faithful performance of duty by the Town Clerk, Kathleen M. Sandland.

PRECINCT ONE

<u>Name</u>	<u>Position</u>	<u>Party</u>
Helen Theriault	Warden	Republican
Bernice Barnaby	Clerk	Democrat
Joan Lyons	Inspector	Democrat
Naomi Beckman	Inspector	Republican
Georgette Plante	Inspector	Unenrolled
Doris Ross	Inspector	Republican

PRECINCT TWO

Joan Clarke	Warden	Republican
Patricia Stewart	Clerk	Democrat
Barbara Fulton-Parmenter	Inspector	Republican
Rosemary Coates	Inspector	Democrat
Jean Mathews	Inspector	Democrat
Rachel Hurkett	Inspector	Republican

The Town Clerk gave instruction to poll workers on the Optec voting system and their conduct regarding the election.

At 6:30 A.M. the ballots were delivered to the precinct clerks. At 6:40 A.M. precinct one ballot box was inspected by Bernice Barnaby and Warden, Helen Theriault. The ballot box was found to be empty. The Optec electronic scanner was turned on and the machine tape verified a count of zero. Precinct two ballot box was inspected by Warden, Joan Clarke and Patricia Stewart, precinct clerk. The ballot box was found to be empty. The Optec electronic scanner was turned on and the machine tape verified a count of zero.

At 7:00 A.M. the Town Clerk read the warrant and declared the polls officially open. The keys to the ballot boxes were turned over to the ballot box officer, Brian Scully.

Voting was light throughout the day. Absentee ballots were processed throughout the day by Assistant Town Clerk, Helen Theriault and the precinct clerks. Four (4) people voted by absentee ballot in precinct one and eight (8) in precinct two. The absentee ballots go through the Optec scanner and into the ballot box the same way as the regular ballots and are included on the ballot box total.

At 12:00 noon the ballot box keys were turned over to police officer, David Simmons and then to Officer James Rockett at 4:00 P.M.

At 8:00 P.M. the polls were officially closed by Kathleen M. Sandland, Town Clerk. Precinct one ballot box had a reading of 207 ballots counted plus two (2) in the auxiliary bin for a total of 209. Precinct two ballot box had a reading of 306 plus one ballot that had been placed in the auxiliary bin for a total of 307 ballots cast. The election tally was completed at 9:30 P.M. The Town Clerk, Kathleen M. Sandland read the results as listed on the following two (2) pages.

Respectfully submitted,

Kathleen M. Sandland
Town Clerk

Special State Election – March 2, 2004

Pursuant to the foregoing warrant for the Special State Election that was held in the Beatrice Wood Elementary School, 200 South Street, Plainville, Massachusetts, Norfolk County,

Town Clerk, Kathleen Sandland swore in the following election officials to their faithful performance of duty.

PRECINCT ONE

<u>Name</u>	<u>Position</u>	<u>Party</u>
Helen Theriault	Warden	Republican
Bernice Barnaby	Clerk	Democrat
Mary Evelyn Pelletier	Inspector	Unenrolled
Georgette Plante	Inspector	Unenrolled
Rae Mercer	Inspector	Democrat
Nancy Cossette	Inspector	Democrat

PRECINCT TWO

Barbara Fulton-Parmenter	Warden	Republican
Patricia Stewart	Clerk	Democrat
Rachel Hurkett	Inspector	Republican
Joann Nelson	Inspector	Democrat
Mary Renner	Inspector	Republican
P. Gilbert Sandberg	Inspector	Republican
Candida Harrison	Inspector	Unenrolled

The Special State election was concurrent with the Presidential Primary Election. Check-in and check-out tables were set up for each election and signs were used to direct the voters to the appropriate tables. Voters cast their votes on a separate ballot for each election and placed them in the same ballot box. The Optec Eagle voting machines calculate the votes for each election and print the results separately on the same tape.

The Town Clerk gave instructions to poll workers on the Optec voting system and their conduct regarding the elections. The Town Clerk also explained the proper procedure for handling “inactive voters”, “provisional voters” and the filing of “Affirmation of Current and Continuous Residence” forms. Election workers and police officers received written instructions.

At 6:30 A.M., the Police Officer delivered the ballots to the precinct clerks. At 6:45 A.M., precinct clerk Bernice Barnaby and warden, Helen Theriault inspected precinct one ballot box. The ballot box was empty. Assistant Town Clerk, Colleen Gardner, turned on the Optec electronic scanner and verified the machine tape had a count of zero. Precinct clerk, Patricia Stewart and warden, Barbara Fulton-Parmenter inspected precinct two ballot box. The ballot box was empty. Assistant Town Clerk, Colleen Gardner, turned on the Optec electronic scanner and verified the machine tape had a count of zero. She handed the keys to Officer Brian Scully.

At 7:00 A.M., the Town Clerk read the warrant and declared the polls officially open. At 8:15 A.M., Officer Brian Scully handed the ballot box keys to Officer, Jerauld Jillson. At 9:15 A.M., Officer Jillson handed the keys back to Officer Brian Scully. At 10:25 A.M., Officer Scully handed the ballot box keys to Officer, Jerauld Jillson.

Assistant Town Clerk, Helen Theriault and the precinct clerks, processed absentee ballots throughout the day. Fifteen people voted by absentee ballot in precinct one and twenty-seven in precinct two. The absentee ballots go through the Optec scanner and into the ballot box the same way as the regular ballots and are included on the ballot box total.

Voting was steady throughout the day. At 4:00 P.M., Officer Scully handed the ballot box keys to police Officer, James Rockett.

At 8:00 P.M., the Town Clerk, Kathleen M. Sandland officially closed the polls. Precinct one ballot box had a reading of 1349 (for both elections) plus three (3) in the auxiliary bin for a total of 1352 plus one (1) provisional ballot (Presidential Primary ballot) held by the precinct clerk. The status of the provisional ballot was checked the next day at the Town Clerk's office. The vote was valid and added to the tally for a total of 1353 votes for both elections. Precinct two ballot box had a reading of 1759 ballots (for both elections) counted plus one (1) in the auxiliary ballot box totaling 1760. The breakdown of ballots voted for each election is as follows:

	<u>Precinct 1</u>	<u>Precinct 2</u>
Special State Election:	709	927
Presidential Primary:	644	833

The election tally was complete at 10:00 P.M. The Town Clerk, Kathleen M. Sandland read the results of the Special State Election as follows:

<u>SENATOR IN GENERAL COURT</u>	<u>PCT 1</u>	<u>PCT2</u>	<u>TOTAL</u>
SCOTT P. BROWN	448	576	1024
ANGUS G. MCQUILKEN	259	347	606
BLANKS	2	3	5
Write-in	<u>0</u>	<u>1</u>	<u>1</u>
	709	927	1636

The Presidential Primary election was concurrent with the Special State Election. Check-in and check-out tables were set up for each election and signs were used to direct the voters to the appropriate tables. Voters cast their votes on a separate ballot for each election and placed them in the same ballot box. The Optec Eagle voting machines calculate the votes for each election and print the results separately on the same tape.

The Town Clerk gave instructions to poll workers on the Optec voting system and their conduct regarding the elections. The Town Clerk also explained the proper procedure for handling “inactive voters”, “provisional voters” and the filing of “Affirmation of Current and Continuous Residence” forms. Election workers and police officers received written instructions.

At 6:30 A.M., the Police Officer delivered the ballots to the precinct clerks. At 6:45 A.M., precinct clerk Bernice Barnaby and warden, Helen Theriault inspected precinct one ballot box. The ballot box was empty. Assistant Town Clerk, Colleen Gardner, turned on the Optec electronic scanner and verified the machine tape had a count of zero. Precinct clerk, Patricia Stewart and warden, Barbara Fulton-Parmenter inspected precinct two ballot box. The ballot box was empty. Assistant Town Clerk, Colleen Gardner, turned on the Optec electronic scanner and verified the machine tape had a count of zero. She handed the keys to Officer Brian Scully.

At 7:00 A.M., the Town Clerk read the warrant and declared the polls officially open. At 8:15 A.M., Officer Brian Scully handed the ballot box keys to Officer, Jerauld Jillson. At 9:15 A.M., Officer Jillson handed the keys back to Officer Brian Scully. At 10:25 A.M., Officer Scully handed the ballot box keys to Officer, Jerauld Jillson.

Assistant Town Clerk, Helen Theriault and the precinct clerks, processed absentee ballots throughout the day. Twelve people voted by absentee ballot in precinct one and twenty in precinct two. The absentee ballots go through the Optec scanner and into the ballot box the same way as the regular ballots and are included on the ballot box total.

Voting was steady throughout the day. At 4:00 P.M., Officer Scully handed the ballot box keys to police Officer, James Rockett.

At 8:00 P.M., the Town Clerk, Kathleen M. Sandland officially closed the polls. Precinct one ballot box had a reading of 1349 (for both elections) plus three (3) in the auxiliary bin for a total of 1352 plus one (1) provisional ballot (Presidential Primary ballot) held by the precinct clerk. The status of the provisional ballot was checked the next day at the Town Clerk's office. The vote was valid and added to the tally for a total of 1353 votes for both elections. Precinct two ballot box had a reading of 1759 ballots (for both elections) counted plus one (1) in the auxiliary ballot box totaling 1760. Below is the breakdown of votes for both elections:

	<u>Precinct 1</u>	<u>Precinct 2</u>
Special State Election:	709	927
Presidential Primary:	644	833

The election tally was complete at 11:30 P.M. The Town Clerk, Kathleen M. Sandland read the results of the Presidential Primary Election as listed on the next five (5) pages.

Respectfully submitted,

Kathleen M. Sandland

Posted by the constable on this day, March 16, 2004

Kathleen M. Sandland

Town Clerk, 4/1/04

Town of Plainville
Proceedings Of The Annual Town Election – April 5, 2004

Pursuant to the foregoing warrant for the Annual Town Election that was held in the Beatrice Wood Elementary School, 200 South Street, Plainville, Massachusetts, Norfolk County,

The following election officials were sworn into their faithful performance of duty by the Town Clerk, Kathleen M. Sandland.

PRECINCT ONE

<u>Name</u>	<u>Position</u>	<u>Party</u>
Helen Theriault	Warden	Republican
Bernice Barnaby	Clerk	Democrat
Naomi Beckman	Inspector	Republican
Doris Ross	Inspector	Republican
Winifred Masino	Inspector	Democrat
Georgette Plante	Inspector	Unenrolled

PRECINCT TWO

Barbara-Fulton Parmenter	Warden	Republican
Patricia Stewart	Clerk	Democrat
Rosemary Coates	Inspector	Democrat
Jean Mathews	Inspector	Democrat
Rachel Hurkett	Inspector	Republican
Joan Lyons	Inspector	Democrat
Alice Edwards	Inspector	Republican
Mary Evelyn Pelletier	Inspector	Unenrolled

The Town Clerk gave instructions to poll workers on the Optec voting system and their conduct regarding the election. The Town Clerk also explained the proper procedure for handling “inactive voters”, “provisional voters” and the filing of “Affirmation of Current and Continuous Residence” forms. Written instructions were handed out to all election workers and police officers.

At 7:30 A.M. the ballots were delivered to the precinct clerks. At 7:45 A.M. precinct one ballot box was inspected by Precinct Clerk, Bernice Barnaby and Warden, Helen Theriault. The ballot box was found to be empty. The Optec electronic scanner was turned on and the machine tape verified a count of zero. Precinct two ballot box was inspected by Warden, Barbara Fulton-Parmenter and Precinct Clerk, Patricia Stewart. The ballot box was found to be empty. The Optec electronic scanner was turned on and the machine tape verified a count of zero.

At 8:00 A.M. the Town Clerk read the warrant and declared the polls officially open. The keys to the ballot boxes were turned over to police the ballot box officer, Scott Gallerani and at 4:30 P.M. to Officer James Rockett.

**Town of Plainville
Proceedings Of The Annual Town Election – April 5, 2004**

Voting was steady throughout the day. Absentee ballots were processed throughout the day by Warden, Helen Theriault and the precinct clerks. Four (4) people voted by absentee ballot in precinct one and seven (7) in precinct two. The absentee ballots go through the Optec scanner and into the ballot box the same way as the regular ballots and are included on the ballot box total.

At 8:00 P.M. the polls were officially closed by Kathleen Sandland, Town Clerk. Precinct one ballot box had a reading of 211, plus 1 ballot in the auxiliary bin for a total of 212. Precinct two ballot box had a reading of 303. The election tally was completed at 11:00 P.M. The Town Clerk read the results as listed on the next four (4) pages.

Respectfully submitted,

Kathleen M. Sandland
Town Clerk

TOWN OF PLAINVILLE

WARRANT for the ANNUAL TOWN MEETING

MONDAY, JUNE 7, 2004
AT 7:30 P.M.

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss

To Either of the Constables of Plainville:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Plainville qualified to vote in town affairs, to meet in the former Beatrice H. Wood Elementary School Auditorium, 200 South Street, in said Plainville, on

MONDAY, JUNE 7, 2004

at seven thirty in the evening, then and there to act on the following articles, viz:

ARTICLE 1: To choose all other necessary Town Officers not chosen at the Annual Election of April 5, 2004.

ARTICLE 2: To consider and act on the reports of the Selectmen, and other Town Officers. (*Sponsor: Board of Selectmen*)

ARTICLE 3: To see if the Town will vote to have the Surety Bonds of the Collector of Taxes, the Assistant Collector of Taxes, Treasurer, Assistant Treasurer, and, Town Clerk placed with a Fidelity or Guarantee Company, or do or act in any manner relative thereto. (*Sponsor: Board of Selectmen*)

ARTICLE 4: To see if the Town will vote to authorize the Board of Selectmen to accept and enter into a contract for the expenditure of any funds allotted or to be allotted by the Commonwealth and/or County for the construction, reconstruction and improvements of Town roads, and to authorize the Town Treasurer to borrow in anticipation of such funds, or do or act in any matter relative thereto. (*Sponsor: Board of Selectmen*)

ARTICLE 5: To see if the Town will vote to appropriate and transfer \$131,381 or any other sum from funds received by the Town of Plainville as so called "Chapter 90" monies for costs associated with road resurfacing, restoration, maintenance, and land or easement purchases or takings, or do or act in any manner relative thereto. (*Sponsor: Board of Selectmen*)

ARTICLE 6: To see if the Town will vote to raise and appropriate, or to transfer from available funds, \$4,680 or any other sum to pay for services rendered to citizens of Plainville by South Norfolk County Association for Retarded Citizens, Inc., such payment to be made in accordance with a fee for services agreement to be entered into by the Board of Health on behalf of the Town of Plainville, or do or act in any manner relative thereto. (*Sponsor: Board of Health*)

ARTICLE 7: To see if the Town will vote to transfer \$25,000 or any other sum from the Ambulance Reserve Account for the payment of fees associated with the collection of ambulance billings, or do or act in any manner relative thereto. *(Sponsor: Fire Department)*

ARTICLE 8: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$20,000 or any other sum for the purpose of conducting an audit of Fiscal Year 2004, or do or act in any manner relative thereto. *(Sponsor: Board of Selectmen)*

ARTICLE 9: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$20,000 or any other sum for the Reserve Fund to provide for the extraordinary or unforeseen expenses as authorized by Sect. 6, Chap. 40 of Mass. General Laws, or do or act in any manner relative thereto. *(Sponsor: Finance Committee)*

ARTICLE 10: To see if the Town will vote to raise and appropriate, or to transfer from available funds, \$4,000 or any other sum to fund Plainville's participation in the programs and services of the Southeastern Regional Services Group, or do or act in any manner relative thereto. *(Sponsor: Board of Selectmen)*

ARTICLE 11: To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to the Stabilization Fund, as authorized by Mass. General Laws, Chapter 40, or do or act in any manner relative thereto. *(Sponsor: Board of Selectmen)*

ARTICLE 12: To see if the Town will vote to appropriate \$175,000 from the Stabilization Fund to reduce the tax rate for Fiscal Year 2005, said sum being part of interest earned from School Building Projects, or do or act in any manner relative thereto. *(Sponsor: Town Treasurer and Finance Committee)*

ARTICLE 13: To see if the Town will vote to establish revolving accounts pursuant to Section 53E1/2, of Chapter 44 of Massachusetts General Law. Funds credited to said revolving accounts shall be only those identified below under "**Source of Funds**", expended for purposes only as authorized under Section 53E1/2, of Chapter 44 of Massachusetts General Law and as identified below under "**Use of Funds**", and shall be expended under the direction of those so indicated. Until later changed through the action of a subsequent Town Meeting, the annual amount expended from each revolving account shall not exceed the amount indicated below under "**Annual Expenditure**".

<i>Source of Funds</i>	<i>Use of Funds</i>	<i>Expended Under Direction of:</i>	<i>Annual Expenditure</i>
1. Dog Licenses & Fines	Costs associated with the enforcement of the Animal Control By-Law	Board of Selectmen	\$10,000
2. Senior Center Rental Fees	Costs associated with the use of the Senior Center by those other than the Council on Aging	Council on Aging	\$10,000
3. Assessor's Map & Record Copying Fees	Costs associated with the copying and provision of Assessor's maps and records.	Board of Assessors	\$ 5,000
4. Purchases of Town By-Laws	Costs associated with the copying and provision of Town By-Laws	By-Law Review Committee	\$ 2,000
5. Fire Alarm Fees	Costs associated with the provision of Fire Alarm services	Chief of Fire Operations	\$10,000
6. Police Report Copying & Printing Fees	Costs associated with the copying and provision of Police Reports	Chief of Police	\$10,000
7. Library Fines	Costs associated with the Public Library	Board of Library Trustees	\$5,000
8. Cable Television Franchise Fees	Costs associated with the provision of Local Cable Access Programming	Cable Advisory Committee	\$30,000

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Board of Selectmen*)

ARTICLE 14: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$87,000 or any other sum to meet the Town's obligations for Medicare Taxes, said funds to be expended under the direction of the Town Treasurer, or do or act in any manner relative thereto. (*Sponsor: Town Treasurer*)

ARTICLE 15: To see if the Town will vote to approve the following amendments to the Personnel Bylaws:

Appendix A
Wage and Compensation Plan - Fiscal Year 2005

Or. to see if the Town will vote to do or act in any manner relative thereto.

ARTICLE 19: To see if the Town will vote in accordance with the provisions of Chapter 44, Section 53F½ of the Massachusetts General Laws, to raise and appropriate, or transfer from available funds, the following or any other sums for the purpose of operating a household waste collection, recycling, and disposal program:

Salaries.....\$ 15,758
Expenses.....\$367,584

Or. to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Board of Health*)

ARTICLE 20: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$2,758 or any other sum as Plainville's share of the King Philip Regional School District Capital Plan for Fiscal Year 2005, or do or act in any manner relative thereto. *(Sponsor: King Philip School Committee)*

ARTICLE 21: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$5,000 or any other sum for the purpose of funding the Appraisal Consultants of New England License Agreement for Fiscal Year 2005, such funds to be expended under the direction of the Board of Assessors, or do or act in any manner relative thereto. *(Sponsor: Board of Assessors)*

ARTICLE 22: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$6,500 or any other sum for the purpose of updating Fiscal 2005 valuations, such funds to be expended under the direction of the Board of Assessors, or do or act in any manner relative thereto. *(Sponsor: Board of Assessors)*

ARTICLE 23: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$50,000 or any other sum for the purchase of a new utility vehicle within the Water and Sewer Department, or do or act in any manner relative thereto. *(Sponsor: Water Commissioners)*

ARTICLE 24: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$50,000 or any other sum for Engineering and permitting assistance in order to comply with the Water Management Act, or do or act in any manner relative thereto. *(Sponsor: Water Commissioners)*

ARTICLE 25: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$200,000 or any other sum for the purpose of conducting a Water Meter Modernization Program, or do or act in any manner relative thereto. *(Sponsor: Water Commissioners)*

ARTICLE 26: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$310,000 or any other sum for the purpose of Water Main Improvements, or do or act in any manner relative thereto. *(Sponsor: Water Commissioners)*

ARTICLE 27: To see if the Town will vote to transfer \$85,000 or any other sum from available funds to the Sewer Commissioner's Capital Project for Inflow and Infiltration Correction, or do or act in any manner relative thereto. *(Sponsor: Sewer Commissioners)*

ARTICLE 28: To see if the Town will vote to authorize the Town of Plainville, acting by its Board of Sewer Commissioners, to enter into an Intermunicipal Sewer Agreement, acting by its Board of Public Works, in accordance with the provisions of Section 4A of Chapter 40 of the General Laws, or do or act in any manner relative thereto. *(Sponsor: Sewer Commissioners)*

ARTICLE 29: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$12,000 or any other sum for the purchase of an asphalt roller, or do or act in any manner relative thereto. *(Sponsor: Highway Superintendent)*

ARTICLE 30: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$8,000 or any other sum for the purchase and installation of a new furnace in the Highway Garage, or do or act in any manner relative thereto. *(Sponsor: Highway Superintendent)*

ARTICLE 31: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$12,531 or any other sum to fund the replacement of four (4) mobile video cameras for the police line vehicles, or do or act in any manner relative thereto. *(Sponsor: Police Department)*

ARTICLE 32: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$32,000 or any other sum for the purchase of one (1) cruiser for the Police Department, or do or act in any manner relative thereto. *(Sponsor: Police Department)*

ARTICLE 33: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$12,400 or any other sum for building improvements to the Public Safety Building necessary to comply with findings of the Massachusetts Division of Occupational Safety, such funds to be expended under the direction of the Director of Public Safety, or do or act in any manner relative thereto. *(Sponsor: Director of Public Safety)*

ARTICLE 34: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$32,400 or any other sum for the repair and replacement of the Public Safety Building roof, such funds to be expended under the direction of the Director of Public Safety, or do or act in any manner relative thereto. *(Sponsor: Director of Public Safety)*

ARTICLE 35: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$27,000 or any other sum to be used in conjunction with funds appropriated under Article 7 of the February 3, 2003 Special Town Meeting the total of which to be used to fund the purchase and installation of a vehicle exhaust system, such funds to be expended under the direction of the Chief of Fire Operations, or do or act in any manner relative thereto. *(Sponsor: Fire Department)*

ARTICLE 36: To see if the Town will vote to raise and appropriate, borrow, or transfer from available funds, \$240,000 or any other sum for the purchase and equipping of a 2,500 gallon tanker truck for the Fire Department, such funds to be expended under the direction of the Chief of Fire Operations, or do or act in any manner relative thereto. *(Sponsor: Fire Department)*

ARTICLE 37: To see if the Town will vote to raise and appropriate, or transfer from available funds, \$6,000 or any other sum for the purchase of a new copier for the Council on Aging, or do or act in any manner relative thereto. *(Sponsor: Council on Aging)*

ARTICLE 38: To see if the Town will vote to amend the Town of Plainville Bylaws by amending Section 1.6 to read:

"All business, except the election of such officers, and the determination of such matters, as by law are required, to be elected or determined by ballot, shall be considered by adjournment to the first Monday in June, at 7:30 P.M."

and by so doing, establishing the first Monday in June as the business session of the Annual Town Meeting, or do or act in any manner relative thereto. *(Sponsor: Board of Selectmen)*

ARTICLE 39: To see if the Town will vote to accept as a Public Way within the Town of Plainville, the following street with improvements thereon, Cherry Tree Lane, bounded and described as follows:

Beginning at a point in the southerly line of George Street on the easterly corner of the granted premises at land nor or formerly of Stephen Clark and Gail Cahoon & Andrew and Carol Felix thence

S22°03'30"W a distance of two hundred twenty seven and seventy eight hundredths feet (227.78) at a point of curvature; thence

Southerly and curving to the left along the arc of a curve having a radius of two hundred twenty five and no hundredths feet (225.00), a length of seventy seven and seventy two hundredths feet (77.72) to a point of compound curvature; thence

Southerly and curving to the left along the arc of a curve having a radius of thirty and no hundredths feet (30.00), a length of thirty five and seventy two hundredths feet (35.72) to a point of reverse curvature; thence

Southerly and curving right along the arc of a curve having a radius of seventy and no hundredths feet (70.00), a length of three hundred fifty six and ninety six hundredths feet (356.96) to a point of reverse curvature; thence

Northerly and curving to the left along the arc of a curve having a radius of thirty and no hundredths feet (30.00), a length of twenty five and thirty three hundredths feet (25.33) to a point of reverse curvature; thence

Northerly and curving to the right along the arc of a curve having a radius of two hundred seventy five and no hundredths feet (275.00), a length of one hundred sixteen and fifteen hundredths feet (116.15) to a point of tangency; thence

N22°03'30"E a distance of two hundred and thirty three and forty two hundredths feet (233.42) to a point of curvature; thence

Northerly and curving to the left along the arc of a curve having a radius of twenty five and no hundredths feet (25.00), a length of twenty seven and seventy hundredths feet (27.70) to a point on the southerly sideline of George Street; thence

Easterly and curving to the left along the arc of a curve having a radius of seven hundred ten and no hundredths feet (710.00), a length of sixty nine and seventy five hundredths feet (69.75) to the point of beginning.

The above described parcel is more particularly shown as Cherry Tree Lane on a plan entitled "As-Built Plan and Profile Cherry Tree Lane Plainville, MA" dated March 3, 2000 by Bay Colony Group, Inc. Professional Civil Engineers and Land Surveyors Four School Street Foxborough, MA 02035.

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Planning Board*)

ARTICLE 40: To see if the Town will vote to accept as a Public Way within the Town of Plainville, the following street to be known as a continuation of Sharlene Lane consisting of a certain parcel of land situated on the easterly side, of the intersection, of Wintergreen Lane and Wisteria Drive, bounded and described as follows:

Beginning at a point in the northerly line of Sharlene Lane at the northwesterly corner of the granted premises at a point on the southeasterly corner of lot owner Custodio, which is also the Southwesterly corner of parcel "A"; thence

N81°46'59"E a distance of twenty eight and ninety three hundredths feet (28.93) to a point of curvature; thence

Easterly and curving to the right along the arc of a curve having a radius of five hundred and no hundredths feet (500.00), a length of six hundred forty five and sixty seven hundredths feet (645.67) to a point of tangency; thence

S24°13'42"E a distance of one hundred sixteen and forty eight hundredths feet (116.48) to a point of curvature; thence

Southerly and curving to the left along the arc of a curve having a radius of thirty five and no hundredths feet (35.00), a length of thirty three and sixty nine hundredths feet (33.69) to a point of reverse curvature; thence

Southeasterly and curving to the right along the arc of a curve having a radius of seventy and no hundredths feet (70.00), a length of three hundred fifty four and sixty seven hundredths feet (354.67) to a point of reverse curvature; thence

Northeasterly and curving to the left along the arc of a curve having a radius of thirty five and no hundredths feet (35.00), a length of thirty three and sixty nine hundredths feet (33.69) to a point of tangency; thence

N24°13'42"W a distance of one hundred sixteen and forty eight hundredths feet (116.48) to a point of curvature; thence

Northerly and curving to the left along the arc of a curve having a radius of four hundred fifty and no hundredths feet (450.00), a length of five hundred eighty one and ten hundredths feet (581.10) to a point of tangency; thence

S81°46'59"W a distance of eleven and fifty five hundredths feet (11.55) to a point; thence

N27°23'14"W a distance of fifty two and ninety four hundredths feet (52.94) to the point of beginning.

Meaning and intending to describe that parcel of land shown as Sharlene Lane on a plan entitled "As-Built Plan & Profile of Highland Estates" in Plainville, Massachusetts by Bay Colony Group, date March 18, 2004.

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Planning Board*)

ARTICLE 41: To see if the Town will vote to accept as a Public Way within the Town of Plainville, the following street to be known as Cliff Drive, being land in Plainville, Massachusetts lying on the easterly side of Valerie Drive, with all improvements thereon, bounded and described as follows:

Beginning at a highway bound in the easterly line of Valerie Drive and at the southerly corner of land owned by Robert R. Wood; thence easterly 50.69 feet along the arc of a curve to the left of 25.00 feet radius bound by the said wood land to a highway bound; thence N41°-28'-28"E 206.68 feet bounded partly by the said wood land and partly by land owned by Mark G. Cameron to a highway bound; thence northerly 79.37 feet along the arc of a curve to the left of 75.00 feet radius bounded by the said Cameron land to a highway bound; thence N19°-09'-48"W 711.70 feet bounded partly by land owned by the following persons: Mark G. Cameron, Michael P. Walsh, Thomas E. Kade and Diane M. Kade, Deborah Yurof, and Robert M. Pepper to a highway bound; thence northerly 106.87 feet along the arc of a curve to the right of 125.00 feet radius to a highway bound and N29°-49'-38"E 112.55 feet to a highway bound, the last two courses are bounded by the said Pepper land; thence northerly 57.03 feet along the arc of a curve to the left of 75.00 feet radius bounded partly by the said Pepper land and partly by land owned by Martin F. Baker and Dorothy F. Baker to a highway bound; thence N23°-37'-46"W 264.77 feet bounded partly by the said Baker land and partly by land owned by Michael Gousie and Jennifer Gousie to a highway bound; thence northwesterly 84.33 feet along the arc of a curve to the left of 475.00 feet radius bounded partly by the said Gousie land and partly by land owned by the Sandra Lee Flanigan Investment Trust to a highway bound; thence N34°-04'-38"W 67.10 feet and westerly 41.07 feet along the arc of a curve to the left of 25.00 feet radius to a highway bound in the southerly line of Field Drive, the last two courses are bounded by the said Trust land; thence N51°-47'-34"E 100.26 feet bounded by the said line of Field Drive to a highway bound at a corner of land owned by Brendan J. Bannon and Sharon M. Bannon; thence southerly 37.47 feet along the arc of a curve to the left of 25.00 feet radius to a highway bound and S34°-04'-38"E 74.32 feet to a highway bound, the last two courses are bounded by the said Bannon land; thence southerly 77.44 feet along the arc of a curve to the right of 525.00 feet radius bounded partly by the said Bannon land and partly by land owned by Karen Sanford to a highway bound; thence S23°-37'-46"E 264.77 feet bounded partly by the said Sanford land and partly by land owned by Joseph M. Flynn and Donna J. Flynn to a highway bound; thence southwesterly 116.62 feet along the arc of a curve to the right of 125.00 feet radius bounded by land owned by Robert P. Ouelette and Pamela A. Ouelette to a highway bound; thence S29°-49'-38"W 112.55 feet bounded partly by the said Ouelette land and partly by land owned now or formerly by David M. Walsh; thence southerly 64.12 feet along the arc of a curve to the left of 75.00 feet radius bounded by the said Walsh land to a highway bound; thence S19°-09'-48"E 506.03 feet bounded partly by the said Walsh land and partly by land owned by Karen Lyons to a highway bound at a corner of the westerly terminus of Water Drive; thence S19°-09'-48"E 104.31 feet bounded by the said terminus of Water Drive to a highway bound at a corner of land owned by Richard R. Barbieri and Maria A. Barbieri; thence S19°-09'-48"E 101.35 feet to a highway bound and southerly 132.29 feet along the arc of a curve to the right of 125.00 feet radius to a highway bound, the last two courses are bounded by the said Barbieri land; thence S41°-28'-28"W 255.83 feet bounded partly by the said Barbieri land and partly by land owned by Dennis Kosh and Cynthia Kosh to a highway bound; thence southerly 27.85 feet along the arc of a curve to the left of 25.00 feet radius bounded by the said Kosh land to a highway bound in the easterly line of Valerie Drive; thence N22°-21'-15"W 111.43 feet bounded by the said line of Valerie Drive to a highway bound at the point of beginning.

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Planning Board*)

ARTICLE 42: To see if the Town will vote to accept as a Public Way within the Town of Plainville, the following street to be known as Field Drive, being land in Plainville Massachusetts lying on the easterly side of Walnut Street, with all improvements thereon, bound and described as follows:

Beginning at a highway bound in the easterly line of Walnut Street and at the northwesterly line of land owned by Arlene O'Toole; thence N23°-09'-56"W 103.55 feet bounded by the said line of Walnut Street to a highway bound at a corner of land owned by Peter E. Allen and Sharon L. Allen; thence southeasterly 45.83 feet along the arc of a curve to the left of 25.00 feet radius bounded by the said Allen land to a highway bound; thence N51°-47'-34"E 940.34 feet bounded in part by land owned by the following persons: Peter E. Allen and Sharon L. Allen, Peter L. Littlefield and Kathleen A. Littlefield, Michael F. Miller and Sharon E. Miller, Robert Chipman and Yolanda Chipman, David P.

DiBlasio and Janice L. DiBlasio, and Greg Roberts and Suzanne R. Roberts to a highway bound; thence northeasterly 23.55 feet along the arc of a curve to the left of 25.00 feet radius bounded partly by the said Roberts land and partly by land owned by Bruce S. Bolio, Jr. and Allison Bolio to a highway bound; thence easterly, southerly, and westerly 301.51 feet along the arc of a curve to the right of 60.00 feet radius bounded partly by the said Bolio land, partly by land owned by David M. Walsh and partly by land owned by Brendan J. Bannon and Sharon M. Bannon to a highway bound; thence westerly 23.55 feet along the arc of a curve to the left of 25.00 feet radius bounded by the said Bannon land to a highway bound; thence S51°-47'-34"W 13.29 feet bounded by the said Bannon land to a highway bound at a corner of the northerly terminus of Cliff Drive; thence S51°-47'-34"W 100.26 feet bounded by the said terminus of Cliff Drive to a highway bound at a corner of land owned by the Sandra Lee Flanigan Investment Trust; thence S51°-47'-34"W 853.65 feet bounded partly by land owned by the following persons: the Sandra Lee Flanigan Trust, Steven A. Wassersug and Renee M. Wassersug, Michael J. Grant and Sharon A. Grant, Brian MacDonald and Jean MacDonald, Paul F. Sullivan and Karen A. Sullivan and Arlene O'Toole to a highway bound; thence southwesterly 32.71 feet along the arc of a curve to the right of 25.00 feet radius to a highway bound at the point of beginning.

N57°42'37"W	a distance of one hundred ninety two and sixty one hundredths feet (192.61') to a point on Woodland Road; thence
Easterly	and curving to the right along the arc of a curve having a radius of two hundred and no hundredths feet (200.00'), a length of fifty and thirteen hundredths feet (50.13') to a point; thence
S57°42'37"E	a distance of one hundred ninety eight and forty three hundredths feet (198.43') to a point; thence
S44°02'33"E	a distance of five hundred nineteen and thirty seven hundredths feet (519.37') to a point; thence
N64°47'49"E	a distance of one hundred eighty four and ninety one hundredths feet (184.91') to a point; thence
S44°02'33"E	a distance of twenty four and eighty seven hundredths feet (24.87') to a point; thence
Southerly	and curving to the right along the arc of a curve having a radius of twenty and no hundredths feet (20.00'), a length of thirty seven and ninety nine hundredths feet (37.99') to the point of beginning.

The above described parcel consist of 56.135 +/- square feet and is more particularly shown as Lot 39A (Open Space) on a plan entitled "Woodland Village" Definitive Subdivision in Plainville, Massachusetts dated August 1990 prepared for Sharlene Realty Trust and filed in the Norfolk County Registry of Deeds in Plan Book.420, Plan No.125 of 1994.

Such land being offered to the Town as open space as is required under Section 2.13 of the Town of Plainville Zoning By-Law, *Residential Cluster Development*.

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Planning Board*)

ARTICLE 49: To see if the Town will vote to amend the Town of Plainville Zoning By-Law Chapter III, Section 3.13.4 [Information Requirements] regarding Aerial View by adding the following:

O. A Mass GIS photo must be provided to the Planning Board along with the indexed reference date stating the date that the photo was taken. The applicant must then provide to the Planning Board proof of any new structures over 800 sq/ft and altered land over .50 acres on lots abutting the development permit from the time the GIS photo was taken up until the time of submittal. The photo shall show at a minimum 500 feet beyond the borders of the site or subdivision and shall be at an approximate scale of 1 inch = 200 feet.

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Planning Board*)

ARTICLE 50: To see if the Town will vote to amend the Town of Plainville Zoning By-Law Chapter III, Section 3.13.5 [Review Procedure] regarding a public hearing by adding the following:

Before action on the development permit is taken, a public hearing shall be held by the Planning Board. Notice of the time and place of such hearing and of such subject matter thereof, sufficient for identification and including the location of the proposed development permit, shall be given by the Board twice, the first time at least fourteen days prior thereof, by publication in a newspaper of general circulation in the Town of Plainville. A copy of said notice shall be mailed to the applicant and to all owners of land abutting the development permit, as appearing in the most recent tax list, certified by the Plainville Assessors' Office, including those separated by a street or a watercourse, and those in other towns abutting the Development Permit.

After a public hearing, notice of which shall be given in accordance with the provisions of Section 11 of Chapter 40A of the General Laws, the Planning Board shall examine the following..... (existing)

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Planning Board*)

ARTICLE 51: To see if the Town will vote to amend the Town of Plainville Zoning By-Law Chapter III, by adding Section 2.15 Senior Village Overlay District such section to read as follows:

A. Purpose

A Senior Housing Development (SHD), as approved by the Special Permit Granting Authority (Planning Board), is intended to provide a type of housing which reduces residents' burdens of property maintenance and which reduces demands on municipal services; to promote flexibility in land use planning in order to improve site layouts; to protect natural features and environmental values of land; and to utilize land in harmony with neighboring properties; encourage creative and innovative site planning and design in order to enhance the attractiveness and suitability of smaller homes as a preferred alternative housing type in order to better meet the specific housing needs of this segment of the population and, to promote better utilization of land in harmony with its natural features and to retain the rural character of the Town.

Where feasible, new homes shall be organized around traditional village streets. The dwelling units shall be of high quality construction with care being taken in landscaping efforts to retain as much as possible the natural topography of the village environs. To enhance the village concept, the developer should be encouraged to employ historic, traditional and complimentary style, colors, and exterior lighting for all the units as well as street lighting.

B. General Standards

No special permit shall be issued for a SHD use unless the standards set forth below are satisfied and, in addition no such special permit shall be issued unless all of the criteria for issuance of a special permit as set forth under this Zoning By-Law and under Massachusetts General Law 40A have been satisfied.

- (1) Minimum Tract Size: A tract of land consisting of not less than ten (10) acres, within residential zoning districts may be developed for the construction of a Senior Housing Development (SHD) Bylaw.

- (2) Location: The SHD is an overlay zoning district that shall be superimposed on the Single-Family Residential Districts RA & RB, and the General Residential Districts RC & RD of the Town of Plainville.
- (3) Development under the SHD Bylaw may only be authorized by a Special Permit granted by the Planning Board.
- (4) No building in the SHD shall be more than two (2) stories in height.
- (5) All dwelling units shall be detached from others or attached only along sidewalls in the so-called "townhouse" style.
- (6) No unit in the development shall have more than two (2) bedrooms.
- (7) No dwelling shall contain less than one thousand (1,000) sq ft of living area or more than two thousand four hundred (2,400) sq ft of living area. At least 66% of the living area in each unit shall be located on the first floor.
- (8) The lot or lots on which a retirement community is located shall contain at least five thousand sq ft per unit in the SHD.
- (9) Maximum Density Ratio: The maximum density ratio in the SHD shall be no greater than four (4) residential units per acre of useable land.
- (10) Occupancy Qualifications: All SHD dwelling units shall be subject to an age restriction described in a deed, deed rider, restrictive covenant, or other document approved by the Planning Board that shall be recorded at the Registry of Deeds or Land Court. The age restriction shall limit dwelling units to at least one senior, age fifty-five (55) years of age or older. Provide for time-limited guest visitation rights in the range of not more than one (1) month per year. The restriction, if the Planning Board so approves and specifies in its Special Permit, may authorize special exceptions that allow persons of all ages to live in a dwelling unit together with a senior resident for purposes such as care of a senior in ill health or enabling seniors to fulfill legal responsibilities of guardianship or custody. The Special Permit including the age restriction shall run with the land in perpetuity and shall be enforceable by any owner (s) of SHD dwelling units. In the event of the death of the qualifying owner or occupant (s) of a dwelling unit, or foreclosure or other involuntary transfer of a unit within the SHD, a one (1) year exemption to the restriction shall be allowed for the transfer of the unit to another eligible occupant.

C. Density Incentives

- (1) Basic Senior Village Bonus. A Senior Village's base density is defined as four housing units per gross site acre except where noted above. To qualify as a Senior Village, a proposal shall, at a minimum: (a) set aside five percent (5%) of the total number of dwelling units provided on the site as affordable housing as defined in this Section; and (b) provide a minimum of thirty percent (30%) of the lot area as permanent, protected open space conforming to the open space standards as set forth in this Section. The minimum 30% open space requirements may be waived by the Board if the proposed Senior Village is within the RD General Residential District and includes the rehabilitation or renovation of a certified, historic or architecturally significant structure for use as senior housing. This enhanced base density for Senior Villages may be further increased according to the provisions below pertaining to: additional affordable housing; additional open space dedication; and rehabilitation of existing buildings.
- (2) Additional Affordable Housing. In addition to the minimum requirement of five percent (5%) on-site affordable housing, a density increase is permitted where proposals provide on-site housing opportunities for low or moderate income senior households. For the purpose of this Section, affordable housing shall be defined as dwelling units that are sold to, and occupied by, households earning up to 80% of the median area household income, as such median is defined by the United States Department of Housing and Urban Development (HUD). Affordable units shall, by deed restriction, remain affordable in perpetuity. The Planning Board will require that the Developer provide legally enforceable assurances, which are acceptable to the Planning Board, that the affordable dwelling units will continue to be affordable in perpetuity. Affordable units shall be dispersed throughout the Senior Village and shall be externally indistinguishable from the market rate units. If the affordable units are part of a condominium, the condominium documents shall, at a minimum, ensure that the owners of the affordable units will not be required to pay for capital improvements they cannot afford and that they will have fair and sufficient voting rights. The property owner shall seek referrals for the affordable units from the Plainville Housing Authority and shall submit an annual report to the Plainville Housing Authority, detailing compliance with the affordable housing provisions of the Senior Village approval. The Plainville Housing Authority shall be responsible for monitoring the

long-term affordability of the units and shall report any deviations from these provisions to the Inspector of Buildings and the Board. The amount of density increase shall be calculated as follows:

- a. For each affordable housing unit provided under this Section, two (2) additional housing units may be permitted up to the maximum permitted under this Section.
- b. For each affordable housing unit where, by deed restriction, Plainville residents have first right of refusal, two and one half (2.5) housing units may be permitted up to the maximum permitted under this Section. The density bonuses above are not to be combined. Under no circumstances shall one affordable unit allow more than two and one half (2.5) additional units.

D. Site Development Standards

- (1) Site Context Plan: A plan showing the location of the proposed development within its neighborhood context shall be submitted. For sites less than 100 acres in area, such plans shall be at a scale not less than 1 inch = 200 feet and shall show the relationship of the subject property to natural and man-made features existing within 1,000 feet of the site. For sites of 100 acres or more, the scale shall be 1 inch = 400 feet, and shall show the above relationships within 2,000 feet of the site. The features that shall be shown on Site Context Plan include topography (from United States Geological Survey plans), stream valleys, wetland complexes, woodlands, high points, knolls, and ridge lines, and public roads and trail, utility easements and right of ways, public land, and land protected under conservation easements or other methods protection. All information may be obtained from existing resources.
- (2) Each building in the Senior Village shall have a minimum front yard of no less than twenty (20) feet from the edge of the paved way to the closest point of the structure, and a side yard of not less than ten (10) feet from the edge of the paved way to the closest point of the structure. The Board may waive these requirements if the Board finds that such reduction will result in better design, improved protection of natural and scenic resources, and will otherwise comply with this Bylaw.
- (3) Each building in the Senior Village shall be setback a minimum of fifty (50) feet from the Senior Village's perimeter lot line(s). This minimum setback shall be increased by five feet for each foot the proposed building is over thirty (30) feet in height. The maximum height of any structure in a Senior Village shall be no greater than thirty-five (35) feet. The setback area shall be maintained as natural open space or as densely planted landscaped buffer. The Board may waive these requirements if the Board finds that such reduction will result in better design, improved protection of natural and scenic resources, and will otherwise comply with this Bylaw.
- (4) The landscape shall be preserved in its natural state, insofar as practicable, by minimizing tree and soil removal. Any grade changes shall be in keeping with the general appearance of the neighboring developed areas. The orientation of individual building sites shall be such as to maintain maximum natural topography and cover. Topography, tree cover, and natural drainage ways shall be treated as fixed determinants of roads and building configuration rather than as malleable elements that can be changed to follow a preferred development scheme. The Board may waive these requirements if the Board finds that such reduction will result in better design, improved protection of natural and scenic resources, and will otherwise comply with this Bylaw.
- (5) Parking: Within the SHD, a minimum of two (2) parking spaces shall be required for each dwelling. Each parking space shall have adequate area for backing and maneuvering. The garage space shall not be included as a parking space. Each parking space shall have an area of not less than ten (10) feet wide and nineteen (19) feet long. The parking area shall be paved and connected with a paved driveway to the roadway within the development. In order to reduce impervious area within the development, common driveways are encouraged. The Planning Board shall, as a condition of its Special Permit, require additional off street parking areas to be used in common by dwelling unit owners and their invitees. In addition, the Planning Board shall, as a condition of the Special Permit, require that adoption of legally enforceable condominium by-law regulations to limit or prohibit the presence in the SHD community, either entirely or except in designated locations, of boats, boat trailers, campers, or other recreational vehicles. Commercial vehicles in excess of 10,000lbs are prohibited from parking in the SHD.
- (6) The Planning Board may, as a condition, require that all utilities be installed underground. Each unit site shall be provided with a sanitary sewer service for the disposal of sanitary wastewater through a municipal system or on site septic system. The method of sanitary wastewater disposal shall conform to all the requirements of the Plainville Board of Health and Water and Sewer Departments.

- (7) The Planning Board may, as a condition, require that no dwelling unit have an exterior radio, television, dish-type antenna or window air conditioner.
- (8) Access Ways: Roads and driveways within a SHD shall meet such width, size, grades, radius of curvature and construction standards as the Planning Board shall determine, based upon the standards provided in the regulations governing subdivisions, as the same may be waived or modified by the Planning Board to meet site conditions and design requirements.
- (9) Roads, Drainage, Driveways: Within the SHD, all roads, drainage systems and driveways shall be maintained by the governing body or its designee. They shall be kept passable and in good condition at all times. Snow and ice removal shall be done by the permittee as part of the normal road and driveway maintenance. It is intended that all improvements within the development remain in private ownership and be maintained by the governing body or its designee.
- (10) Open Space: Within the SHD, all open space shall be integrated within and around the development. Additionally, not less than thirty (30) percent of the total land area contained within the development shall be designated as open space and further provided that no less than twenty percent of the designated open space land shall be suitable for use for passive and/or active recreational purposes. Area used for roadway layout, community buildings and common facilities shall not be used as open space area or site area.
- (11) Community Building: Within the SHD, there shall be a community building (s) and recreational facilities, which shall be available to all residents and their guests. The size of the building is to be a minimum of 2,000 sq/ft. Use of the community building(s) or facilities is specifically limited by this by-law to uses that will service the residents within the SHD. All uses within the development shall be delineated as part of the Special Permit application and must be specifically approved by the Planning Board as an integral part of the Special Permit.
- (12) Business: Within the SHD, no business of any kind is to be conducted unless specifically authorized by the Special Permit herein granted.
- (13) Other Facilities – All facilities for utility services, drainage, lighting and signage shall be in accordance with requirements established by the Planning Board, consistent with applicable provisions of the Zoning Bylaw and the regulations governing subdivisions, as the same may be waived or modified by the Planning Board to meet site conditions and design requirements.

E. Special Permit Conditions

- (1) The Planning Board shall, as a Permit condition, require that all proposed condominium by-laws or SHD community regulations which may be relevant to the issuance of the permit, including but not limited to by-law provisions prohibiting the presence of children residing in the SHD community and limiting or prohibiting the presence in the SHD community of boats, boat trailers, or recreational vehicles, be made a part of the Special Permit, and that any change to or failure to enforce said provisions shall be violation of said Special Permit.
- (2) The Planning Board may, as a Permit condition, require that the proposed SHD community be constructed entirely on one (1) lot, and that, from and after the date of the issuance of the building permit for said SHD community or any portion thereof, no subdivision of said lot shall be allowed without the express approval of the Planning Board; provided, however, that the recording of a condominium master deed and the conveyance of condominium units within the area covered by said deed shall be allowed. Said master deed shall be submitted to the Planning Board at the time of submittal of the application.
- (3) The Planning Board may, as a condition of any Special Permit, may require that the land area on the SHD is located be permanently maintained as one undivided lot or, within a condominium, as one undivided condominium unit, or require such other legal mechanism as will, in the opinion of the Planning Board, assure that the said SHD will not be subdivided or its ownership further condominiumized, that said SHD will remain as rental housing, and that ownership of said SHD will remain consolidated.
- (4) No Special Permit shall be issued without appropriate restrictions to ensure that the provisions of this section are made binding upon the applicant and his/her successor and heirs.

- (5) No Special Permit shall be issued without the Local Housing Authority being authorized as the agency responsible for monitoring the affordable housing component of the proposal. A fee may be applied, as per the Local Housing Authority requirements.

F. Application Process

- (1) The application process for a SHD development shall be by submission of an application for a special permit and the filing of a special permit. The plan must be prepared and stamped by a professional landscape architect in addition to a civil engineer or land surveyor; all registered in Massachusetts and shall meet all the requirements of a special permit as specified in the Plainville SHD Rules and Regulations to the extent applicable.
- (2) The Applicant shall also simultaneously file copies of its application and special permit with the Board of Health, Conservation Commission, Building Inspector, Fire Department, Housing Authority, Town Clerk, Police Department, Highway Department and Water and Sewer Department, for their review, consideration and report.
- (3) Applicant Qualifications – The applicant for a Special Permit for a SHD shall be the owner of the tract proposed for such development or be authorized in writing by the owner to apply for and be issued such Special Permit, and shall establish to the satisfaction of the Planning Board that the applicant has knowledge, experience and financial resources sufficient to construct and complete the development. The Planning Board shall establish fees to be paid in conjunction with an application for Special Permit hereunder.
- (4) Occupancy Conditions: No certificate of occupancy, temporary or permanent, shall be issued for any unit in the SHD until all deed restrictions, covenants, easements, transactions, and/or other documents necessary to ensure compliance by the applicant with the requirements of this section have been submitted and executed.

Definitions

Adult Day Care Facility- A facility that offers to seniors daytime programs, health care and assessment, personal care, social programs recreational activities, and meals and transportation, but does not provide a residence or overnight accommodations.

Cafeteria/Dining Room - A facility for the sale of prepared food and drink, primarily for the use of occupants of the site. Such facility may be found in schools, office buildings, senior housing establishments and other like uses.

Gross Site Acre - The total number of acres on a site, including wetlands and otherwise encumbered property.

Senior Village Planned Unit Development (Senior Village) - A master-planned development of land as a unified, self contained, residential community, constructed expressly for use and residence by persons who have achieved a minimum age requirement for residency of fifty five (55) years or older, in accordance with M.G.L. Chapter 151B, Section 4, Subsection 6, and also incorporating the preservation of natural open space areas as an integral element of the development. A senior village shall be permitted only within a Senior Village Overlay District and only upon the granting of a special permit by the Planning Board.

Senior Village – See ‘Senior Village Planned Unit Development.’

Senior Village Community Center or Community Building(s) - A building or group of buildings, erected primarily for the use of the residence of a single Senior Village and their guests, that provides educational, recreational, or social services that may include, but are not necessarily limited to: Senior Village residential services, library, place of worship, game room, entertainment room, kitchen, cafeteria or dining room, pool, toilet facilities, and similar facilities.

Senior Village Resident Service(s) – Services and facilities operated and constructed to primarily serve the residents of a single Senior Village. Such services and facilities may include, but necessarily limited to: adult education, adult day care, transportation services; laundry facilities; financial services; medical evaluation; home health care services; meals on wheels program; exercise or physical therapy center; recreational and educational activities; and other similar services or activities.

Senior Village Residential Subdivision – A subdivision of land within a Senior Village that results in the creation of individual lots to serve as Home Sites upon which individual single-family dwellings are to be constructed for residence by seniors. The individual’s single-family dwellings may be detached homes, attached or semi-attached townhouses, or other building type(s) approved by the Planning Board that is/are each designed for occupancy by an individual family.

Assisted Living or Congregate Living Residence Facility – An assisted living residence facility, as defined by M.G.L. Chapter 19D.

Continuing Care or Life Care Retirement Facility – A facility that includes a combination of types of dwellings or a lifetime continuum of accommodations and care for senior residents, including independent living, assisted/congregate living, and long-term care facilities.

Home Site – A specific lot within a Senior Village Residential Subdivision that is designated for the placement of a single-family dwelling.

Independent Living Residence Facility – A facility that provides residential accommodations for senior adults who are in good health and do not require medical or skilled nursing care. Residents shall have individual living units with living, sleeping, bathroom, and kitchen facilities. The Independent Living Residence Facility may include a Senior Village Community Center or Community Building(s), or similar common areas such as a common dining facility, and space for the provision of social, psychological, and educational programs. The facility may provide home health care or other community-based services on an individual basis and offer meals, linen, and housekeeping services. The Independent Living Residence Facility may provide for a superintendent or for maintenance staff, but there shall be no on-site residence of medical or other staff.

Long-Term Care Facility – A building or group of buildings which is licensed or approved by the Massachusetts Department of Public Health to provide 24-hour, intensive, skilled and supportive nursing care, convalescent, or chronic care under medical supervision to individuals who, by reason of advanced age, chronic illness, or infirmity, are unable to care for themselves. A Long-Term Care Facility also typically provides personal care services in a supervised environment, and may contain common areas for therapy, recreation and dining. Further, the facilities may also include on-premise medical offices and treatment facilities related to the care of the residents.

Senior – An individual who is 55 years of age or older.

Senior Village Townhouse – A one-family dwelling unit, which is part of a structure whose dwelling units are attached or semi-attached to one another, and with each dwelling unit having at least one floor at ground level with a separate, private entrance. A townhouse may be constructed on its own individual and separate lot or may be one of several individual dwellings on a common lot.

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Planning Board*)

ARTICLE 52: To see if the Town will vote to amend the building by-law, Chapter V, Section 13, Building Fees to read as follows:

13.1 Building Permit Fees

13.2 New Buildings

- A. Residential: \$7.00 per \$1,000.00 of estimated cost of construction from the building valuation data based on the latest edition of the International Code Council with a minimum permit fee of \$25.00.
- B. Other than Residential: \$8.00 per \$1,000.00 of estimated cost of construction from the building valuation data based on the latest edition of the International Code Council with a minimum permit fee of \$50.00.

13.3 Additions and alterations

- A. Residential: \$7.00 per \$1,000.00 of estimated cost of construction from the building valuation data based on the latest edition of the International Code Council with a minimum permit fee of \$25.00.
- B. Other than Residential: \$8.00 per \$1,000.00 of estimated cost of construction from the building valuation data based on the latest edition of the International Code Council with a minimum permit fee of \$50.00.

13.4	Miscellaneous	
	A. Demolition – residential	100.00
	B. Demolition – commercial	250.00
	C. Wood/coal fireplace	25.00
	D. Amusements	100.00
	E. Fences, residential	25.00
	F. Tents	25.00
	G. Reinspection	50.00

13.5 Work started prior to applying for a permit will be charged two (2) times the permit fee.

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Building Inspector*)

ARTICLE 53: To see if the Town will vote to amend the Town of Plainville By-laws by adding the following:

SECTION XXVII – STREET OPENINGS

27.1 INTRODUCTION

From time to time, it is necessary to excavate in a Public Way in order, for example, to install, repair, or remove utilities or install or realign a driveway including the possible removal or re-alignment of curbing and/or fencing. Excluded from the operation of this By-Law is the general reconstruction or repair of Public Ways by the municipal or state agency responsible for the maintenance and repair of such Public Ways. This Street Opening By-Law is necessary to protect the health and safety of all persons traveling on public ways and is adopted in accordance with the authority granted, inter alia, by Art. 89, section 6 of the Amendments to the Massachusetts Constitution, M.G.L. Chapter 40 section 21, MGL Chapter 165 section 20, MGL Chapter 166 section 25 and MGL Chapter 166A.

27.2 DEFINITIONS

ADA: The Americans with Disabilities Act of 1990, as amended (42 USC 12101-12213), and the Accessibility Guidelines for Buildings and Facilities (Appendix to Part 1191) of the U.S. Architectural and Transportation Barriers Compliance Board, as amended.

Applicant: Any Public Utility, municipal department, person or entity who owns or exercises general responsibility and control over: (i) utility or other pipes, ducts, lines or other thing buried in or under a Public Way, or (ii) real property abutting a Public Way, or (iii) real property served by the Public Way or by items of the type specified in (i) above and who wishes to perform Street Opening Work.

Application Fee: A fifty dollar (\$ 50.00) non-refundable processing fee which shall accompany each application for a Street Opening Permit.

Architectural Access Board Regulations: The Rules and Regulations of the Architectural Access Board, Mass. Executive Office of Public Safety (521 CMR), as amended.

Awarding Authority: The Board of Selectmen of the Town of Plainville has authority to exercise the powers granted by this By-Law.

Awarding Authority Representative: That municipal officer or employee to whom the Awarding Authority in a writing has delegated some of its powers hereunder so that the process of permit-granting, inspection, and administration will proceed expeditiously.

Cold Patch: A dense graded or open graded mix with cutback asphalt as the binder with 1% of the mix being hydrated lime based on the total weight of the aggregate. The mineral aggregates and bitumen shall be proportioned and combined to meet the limits specified in Table A, Subsection M 3.11.03 and M 3.11.04 of The Standard Specifications. Bituminous material shall be either cutback asphalt, Grade MC-250 or MC800 conforming to Section M3.02.0 of the Standard Specifications.

Compaction: Compressing of suitable material and gravel that has been used to backfill a trench by means of mechanical tamping to within 95% of maximum dry density as determined by the modified Proctor Test in accordance with ASTM 1557 method D.

Contractor: All officers or employees of Applicant performing Street Opening Work or any person or entity engaged by or on behalf of Applicant to perform Street Opening Work. The Contractor for purposes of this By-Law and for all questions of liability in connection with any Street Opening Work shall be conclusively deemed agents of Applicant for whom Applicant is fully responsible.

Controlled Density Fill: Also called flowable fill, CDF is a mixture of portland cement, flyash, sand and water. It shall contain a minimum of 250 pounds of class F flyash or high air (25%) and will be self-leveling. It is hand-tool excavatable.

Default: The failure of the Permit Holder (including all Contractors or other agents of Permit Holder) to (i) comply fully with provisions of applicable laws and regulations, (ii) comply fully with all of the applicable provisions of this By-Law and the Street Opening Permit including written supplemental instructions, the municipality's General By-Laws or other applicable law, and (ii) keep its Certificate of Insurance in full force and effect.

Emergency Repair Work: Street Opening Work which must be commenced immediately to correct (i) a hazardous condition which could reasonably be expected to result in injury, loss of life, property damage or (ii) a condition which has resulted in the catastrophic failure of a utility transmission trunk line.

Gas Company: A Public Utility to which C. 164 section 70 of the M.G.L. applies.

Highway Department: The municipal agency generally responsible for the repair and maintenance of Public Ways within the municipality.

Infra-Red Process: That restorative procedure whereby an infrared heater softens existing pavement to a depth of one and one half inches, the softened area is treated with a penetrating asphalt emulsion, uniformly scarified and raked to a workable condition, and the treated surface then compacted by use of a steel-wheeled roller for the purpose of creating a smooth driving surface consistent with adjacent pavement.

Licensed Contractor: A Contractor who holds a current and valid Public Works Construction License issued by the Awarding Authority or its Representative.

Newly Paved Road: A road that has been re-paved (binder and top) within the past five years.

Normal Working Hours: 7:00am to 3:30 pm Monday through Friday excluding holidays.

Permit Holder: An Applicant to whom a Street Opening Permit has been granted.

Permanent Patch: A final repair of Street Opening Work to be performed in accordance with this By-Law and intended to return permanently the opened portion of the roadway to as good a condition as it was in prior to the performance of the Street Opening Work.

Permanent Patch Window: That period of time commencing twelve months and up to eighteen months from the date of installation of the Temporary Patch.

Processed Gravel: Inert material that is hard, durable stone and coarse sand, free from loam and clay, surface coatings and deleterious materials and which meets M1.03.1 of The Standard Specifications.

Public Utility: Includes a Gas and Electric Company as defined in M.G.L. C. 164 section 1, telephone and telegraph company subject to Chapter 159 section 12, and cable TV companies or other telecommunication providers regulated by the Dept. of Telecommunications and Energy.

Public Way: Any road, including such appurtenances as berms, curbs, drains, sewers, water mains, sidewalks and paved and unpaved shoulders within the paper lay-out to which the public has access and the Town is responsible for maintaining. Also referred to as a street.

Public Works Construction License: A license required of all Contractors who are not officers or employees of a Public Utility or municipal department who wish to perform work including Street Opening Work on Public Ways.

Refundable Deposit: That amount of cash or money represented by a certified bank check deposited by Applicant with its Application to secure Applicant's performance of Street Opening Work in accordance with this By-Law.

Standard Specifications: The Mass. Highway Department's Standard Specifications for Highways and Bridges, 1995 metric edition.

Street Opening Permit: A permit granted by the Awarding Authority or its Representative to an Applicant for permission to do Street Opening Work in a Public Way.

Street Opening Work: Any cutting, excavating, Compacting, construction, repair or other disturbance in or under a Public Way together with restoration of the Public Way in accordance with this By-Law following such disturbance but excluding the location or re-location of utility poles for which a grant of location has been obtained pursuant to M.G.L. Chapter 166 section 27.

Temporary Patch: The application of either Cold Patch or two separate gradations of bituminous concrete consisting of binder and top layers and compaction to achieve a density equal to that of the surrounding pavement following excavation and Compaction.

27.3. GENERAL

No work (except the commencement of Emergency Repair Work in accordance with Section 27.7 hereof) in or under a Public Way shall commence until the Applicant shall have applied for in accordance with Section 27.4, and obtained from the Awarding Authority or its Representative, a Street Opening Permit. All work contemplated by this By-Law shall be done in a good and workmanlike manner using best engineering and construction practices and shall be done in accordance with (i) all applicable laws and regulations, (ii) all of the provisions of this By-Law, (iii) any conditions contained in the Street Opening Permit, and (iv) such reasonable supplemental instructions not inconsistent with the foregoing as the Awarding Authority or its Representative may from time to time issue. A Permit Holder shall cause to be restored those portions of a Public Way disturbed by the Permit Holder to as good a permanent condition, in the reasonable judgment of Awarding Authority or its Representative, as they were in when Permit Holder made application thereunder.

No person or entity may perform any work (including Street Opening Work or Emergency Repair Work) in or under a Public Way unless it is a Permit Holder and (i) is a municipal department or Public Utility or their respective officers or employees (ii) is the holder of a current and valid Public Works Construction License, or (iii) has engaged such a holder and such holder performs all such Street Opening Work or Emergency Repair Work as agent of Permit Holder.

27.4 APPLICATION PROCEDURE

The Applicant shall file on forms designated by the Awarding Authority a completed and signed application at the office of the Awarding Authority or its Representative (with a copy delivered simultaneously to the Highway Department) each time it desires to perform Street Opening Work. The Application shall be accompanied by any and all plans, certifications, certificates of insurance and other items specified in the Application or reasonably requested by the Awarding Authority. If the Applicant does not intend to perform the Street Opening Work itself, it must in the Application designate a Licensed Contractor to perform the work as its agent. The Application shall also be accompanied by the Application Fee and the Refundable Deposit.

The Highway Department shall promptly review the Application and make written recommendations concerning approval to the Awarding Authority and, if appropriate, shall include recommendations concerning permit conditions and supplemental instructions.

The Awarding Authority or its Representative shall make a prompt determination on the Application taking into account the following and such other facts as it may reasonably consider:

- 1) the recommendation of the Highway Department
- 2) the reason for the Street Opening Work
- 3) whether the street is recently constructed or repaved

- 4) whether there are other reasonable means adequate to accomplish the purpose for which the Street Opening Permit is sought.

If the application is considered favorably, a Street Opening Permit containing such conditions and supplemental instructions as the Awarding Authority or its Representative reasonably deems appropriate shall promptly issue. If the Application is not favorably considered, the Awarding Authority or its Representative shall communicate in writing to Applicant the reasons its application was not favorably considered.

27.5 REFUNDABLE DEPOSIT AND ACCOUNT

The amount of the Refundable Deposit to secure proper restoration of a Public Way after Street Opening Work is determined in the reasonable judgment of the Awarding Authority or its Representative based on the extent of the Work. (A current schedule of deposits for standard work is attached.)

Following notice given by Permit Holder that final permanent repairs to the Public Way have been completed, the Awarding Authority or Representative will make a final inspection. Once the Awarding Authority or Representative has concluded that permanent repair work has been satisfactorily concluded and that Applicant has no other uncured defaults under Street Opening Permits, it shall release the unexpended balance of the deposit serving as security for the Street Opening Permit related to the inspected work.

All Refundable Deposits that an Applicant submits for Street Opening Permits shall be held by the Awarding Authority in one account which shall be designated as the Applicant's Refundable Deposit Account. Applicants upon request may receive periodic reports as to the balance standing within this account. Should a deposit associated with a specific permit be insufficient to secure the proper repair of a Public Way following a Default by the Permit Holder, the Awarding Authority without limitation to other remedies available to it can deduct the cost of the proper repair from Applicant's Refundable Deposit Account for the purpose of funding the proper repairs. To the extent required by C. 164 of the General Laws applicable to Gas Companies, the provisions of this section and Section VI hereafter shall not be applied to Gas Companies which in their application for Street Opening Permits claim the exemption set out herein.

27.6 FEE AND DEPOSIT CHANGES; MUNICIPAL EXEMPTION

From time to time hereafter the Awarding Authority, after public notice and hearing, may amend the schedule of deposits, the application fee, the hourly after-hours inspection charges or any other amounts due under this By-Law. A reasonable hourly charge for inspectional services which must be performed outside of Normal Working Hours in accordance with a posted schedule established by the Awarding Authority will be billed to Permit Holder and due and payable fifteen days after billing. In extraordinary situations where extensive installation or renewal of utility lines overburden the normal capacity of the municipal departments to conduct inspections, the Awarding Authority can, after notice to Permit Holder or as a condition of the Permit, elect to treat all inspections as after-hours inspections and bill Permit Holder accordingly. Applicants which are municipal departments are exempt from payment of all fees and deposits hereunder. Public Utilities to the extent exempted as provided in Paragraph V above are exempt from payment of all fees except the Application Fee.

27.7 EMERGENCY REPAIR PROCEDURE

If the conditions for Emergency Repair Work exist, then an Applicant after giving oral, faxed or electronic notice to the Police and Highway Departments may commence Street Opening Work. All such Emergency Repair Work shall be done in strict compliance with this By-Law except for compliance with any notice provision inconsistent with such emergency action.

On the business day following the commencement of Emergency Repair Work, the Applicant shall file with the Awarding Authority or its Representative (i) a written statement setting forth in detail the facts and circumstances constituting the conditions for Emergency Repair Work, (ii) an Application for a Street Opening Permit covering the Street Opening Work already commenced in accordance with Section 27.4, (iii) the filing fee and required Refundable Deposit. If all of the materials such as plans, etc. are not then available to Applicant, Applicant will supply them as soon as available. The Awarding Authority or its Representative will promptly process the Application and grant the Street Opening Permit with such conditions and supplemental instructions as it may reasonably require.

27.8 INSURANCE

The Permit Holder and/or each Licensed Contractor shall acquire and continuously maintain while it possesses any Street Opening Permits liability insurance coverage on all personnel and equipment to be used in the Street Opening Work which insurance is to be with insurance companies licensed to do business in the Commonwealth of Massachusetts and shall contain the following coverages and be in the following minimum amounts:

Commercial General Liability Insurance- including operation, independent contractors, complete operations for a period of one (1) year from completing the street opening work, XCU hazards, broad form property damage and personal injury.

General Aggregate:	\$1,500,000.00
Products and complete operations:	
Aggregate	\$1,000,000.00
Each occurrence	\$1,000,000.00
Combined single limit	\$2,000,000.00

Automobile Liability Insurance-covers owned, non-owned and hired vehicles

Bodily Injury Liability	\$ 500,000.00 each person
	\$1,000,000.00 each accident
Property damage Liability	\$ 300,000.00 each accident
Combined Single Limit	\$2,000,000.00

Worker's Compensation and Employer's Liability

Each Accident	\$ 100,000.00
Disease- Policy Limit	\$ 100,000.00
Disease- Each Employee	\$ 300,000.00

Certificates of Insurance shall provide for at least thirty (30) days notice to the Awarding Authority of cancellation or material change. The name of the municipality shall be listed as an additional insured on the Certificate of Insurance.

27.9 LICENSED CONTRACTORS

Any Contractor or other person or entity that wishes to perform work on a Public Way and which is not either a municipality or a Public Utility (including their respective officers or employees) must be licensed by the Awarding Authority or its Representative. Application for a Public Works Construction License must be made on a yearly basis.

27.10 TERMS OF THE STREET OPENING PERMIT

1. **Term of Permit.** All Street Opening Permits shall be valid for thirty days and, upon written request to the Awarding Authority or its Representative, renewable for an additional thirty days. Permits must be present at the work site. Permits can be revoked by the Awarding Authority or its Representative if the Applicant is in Default.

2. **Inspections.** Inspections may take place at the following events:

- prior to backfilling the trench
- following completion of Temporary Patch placement
- during the Permanent Patch Window
- following completion of Permanent Patch placement

Permit Holder or Contractor will notify the Awarding Authority Representative when an inspection is desired and co-ordinate the timing of such inspection.

3. **Working Hours.** Except in emergency situations, Street Opening Work will occur during Normal Working Hours. The Permit Holder must give notice of the intended Street Opening Work seventy-two hours in advance to the Highway Superintendent, and, unless the requirement for a police detail is waived by the Police Chief of the municipality, must arrange for and pay for a police detail to be present throughout the period of time that Street Opening Work is being conducted.

4. **Dig-Safe.** The Permit Holder shall, in accordance with all current laws of the Commonwealth of Massachusetts, notify all Public Utilities seventy-two hours in advance of making any excavation in a street. Such notification shall be made by means of obtaining a DIG-SAFE number. Said number shall be provided on the Street Opening Permit application. The Permit shall not be issued until this information is provided.

5. **Existing Utilities.** Before starting any excavation, the Permit Holder or Contractor must confer with all Public Utilities to obtain information from each as to the horizontal and vertical locations of existing utilities and other conditions that may affect the excavation. The Permit Holder or Contractor shall not interfere with any existing utility without the written consent of the Awarding Authority Representative and the owner of the utility. If it becomes necessary to relocate an existing utility, this shall be done by its owner and the cost of such work shall be borne by the Permit Holder. The Permit Holder or Contractor shall inform itself as to the existence and location of all underground utilities and protect the same against damage.

6. **Protection of Existing Lines and Structures.** The Permit Holder or Contractor shall adequately support and protect by timbers, sheeting, etc. all pipes, conduits, poles, wires, cables or other appurtenances which may be in any way affected by the excavation work and shall do everything necessary to support, sustain and protect them under, over, along or across such work area. The excavation work shall be performed and conducted in such a manner that it shall not interfere with access to fire stations, fire hydrants, water gates, underground vaults, catch basins or any other public structure.

7. **Adjoining Property.** The Permit Holder or Contractor shall, at all times and at its own expense, preserve and protect from injury any adjoining property by providing proper foundations and shall take such other precautions as may be necessary for this purpose. The Permit Holder or Contractor shall at all times and at its own expense shore up and protect all buildings, walls, fences, trees and other property likely to be damaged during the progress of the Street Opening Work and shall be responsible for all damages to public or private property or streets resulting from its failure to properly protect and carry out said work. The Permit Holder or Contractor shall not remove, even temporarily, any trees or shrubs which exist in planting strip areas without first obtaining the consent of the Highway Superintendent.

8. **Damaged trees.** In the event a tree is either accidentally destroyed by the Permit Holder or Contractor or is authorized for removal by the Awarding Authority Representative, the Permit Holder or Contractor shall remove the tree, stump and debris from the work site, and replace the tree with an identical species with a minimum caliper of two inches in the identical location.

9. **Pedestrian Crossings, Open Trenches.** The Permit Holder or Contractor shall, where possible, maintain safe crossings for two lanes of vehicle traffic at all public intersections as well as safe crossings for pedestrians at intervals of not more than three hundred (300) feet. If any excavation is made across a Public Way, it shall be made in sections to assure maximum safe crossing for vehicles and pedestrians. An open trench may not exceed three hundred (300) feet unless specifically permitted by the Awarding Authority or its Representative. If the Public Way is not wide enough to hold the excavated material for temporary storage, the material shall be immediately removed from the location.

10. **Traffic.** The Permit Holder or Contractor shall take appropriate measures to assure that during the performance of the Street Opening Work, so far as practicable, normal traffic conditions shall be maintained at all times so as to cause as little inconvenience as possible to the occupants of the adjoining property and to the general public. The Awarding Authority or its Representative may permit the closing of streets and walks to all traffic for a period of time. Unless the requirement for a police detail is waived by the Police Chief of the municipality, the Permit Holder shall engage a police detail to maintain traffic control and public safety at the project site while Street Opening Work is in progress. Warning signs shall be placed a sufficient distance from the project site in order to alert all traffic coming from both directions. Cones or other approved devices shall be placed to channel traffic. Warning signs, lights and such other precautions shall conform to the Manual on Uniform Traffic Control Devices. Construction materials and equipment on the site shall be limited in quantity and in the space they occupy so that they do not unduly hinder and block traffic.

11. **Gutters and Basins.** The Permit Holder or Contractor shall maintain all gutters free and unobstructed for the full depth of the adjacent curb and for at least one (1) foot in width from the face of such curb at the gutter line. Catch basins shall be kept clear and serviceable.

12. **Excavated Material.** The Permit Holder or Contractor shall remove all excess excavated material, surplus water, muck, silt, residue or other run-off pumped or removed from excavations from the site.

13. **Temporary Repairs.** At the end of each day, all trenches must be plated if repair work is not completed and/or back-filled, Compacted and Temporarily Patched on the day repair work is completed. No open un-plated trenches are permitted overnight and work in plated trenches must be continually prosecuted to completion to minimize the time trenches are plated.

14. **Noise.** The Permit Holder or Contractor shall perform the work in such a manner as to avoid unnecessary inconvenience and annoyance to the general public and occupants of neighboring property. During the hours from 10:00pm to 7:00am, the Permit Holder or Contractor shall not use, unless otherwise specifically permitted by the Awarding Authority or its Representative any tool, appliance or equipment producing noise of sufficient volume to disturb the sleep or repose of occupants of the neighboring property.

15. **Debris and Litter.** All debris and litter remaining from the Street Opening Work site shall be removed by the Permit Holder or Contractor in a timely manner.

16. **Restoration of Pavement Markings.** All permanent pavement markings (crosswalks, center lines, fog lines) which are damaged during Street Opening Work shall be restored in kind by and at the expense of the Permit Holder.

17. **Lawn Surfaces and Plantings.** All lawn surfaces which are disturbed during Street Opening Work shall be replaced with sod or six (6) inches of screened loam, lime, fertilized and re-seeded with good quality lawn seed. Any areas containing plantings shall be restored to their original condition with the same or similar plantings.

18. **Erosion Control.** The Permit Holder shall be responsible for all erosion control and for obtaining any necessary permits from the Conservation Commission. The Permit Holder or Contractor shall protect drainage structures from siltation by whatever means required including but not limited to the installation of hay bales and/or filter fabric. In the event that a drainage structure becomes damaged from siltation as a result of the Street Opening Work, the Permit Holder or Contractor shall clean the structure before completing the Temporary Patch.

27.11 REQUIRED CONSTRUCTION TECHNIQUES

All Street Opening Work and materials used therein must conform to the Mass. Highway Department's Standard Specifications for Highways and Bridges, 1995 edition, and with the Americans with Disabilities Act and the Architectural Access Board Regulations as currently in effect. In addition, the following specific requirements also apply. Exceptions to these requirements may be made in the discretion of the Awarding Authority or its Representative at the time that the Street Opening Work is in progress.

1. Excavation

Existing pavement shall be cut in neat, true lines along the area of the proposed excavation. Unstable pavement shall be removed over cave-outs and breaks and the sub-grade treated as the main trench. Pavement edges shall be trimmed to a vertical face and neatly aligned with the center line of the trench. Cut-outs beyond the limits of the trench lines must be normal or aligned parallel to the center line of the trench. Excavations shall be made in open cut. Trenches and excavations shall be braced and sheathed in accordance with the requirements of the Occupational Safety and Health Act (OSHA). Sections of bituminous or cement concrete sidewalks shall be removed to the nearest scoreline or approved cut edge.

2. Back-Filling and Compaction

Excavations shall be filled with approved backfill. Approved backfill consists of either Controlled Density Fill, suitable excavated material or gravel meeting M 1.03.0 or M 1.03.1 of The Standard Specifications. The Permit Holder may select which of these three to use in the excavation. Suitable excavated material shall mean previously excavated granular material but which does not include blacktop, clay, silt, organic material, concrete, roots, boulders or stones larger than four inches in diameter. If the hole is to be filled with suitable excavated material, a backfill course shall be placed in approximately twelve (12) inch lifts of maximum compaction to four inches below asphalt grade. A base course consisting of four inches of processed gravel or equivalent (i.e. suitable excavated material containing no stones larger than one and one-half inch in diameter) shall then be placed on top of the backfill course. The backfill and base course shall be compacted to not less than ninety-five (95) percent of maximum dry density as determined by the modified Proctor Test in accordance with ASTM 1557 Method D. The Permit Holder if directed by the Awarding Authority or its Representative will retain at its expense, a professionally qualified geotechnical consultant to perform this test. The results of this test shall be given to the Highway Superintendent.

If Controlled Density Fill is used as back-fill material, it must contain a minimum of 250 pounds of class F flyash or high air (25% plus) and be self-leveling. It must be Type 1E or 2E (very flowable). Flowable fill is to be batched at a ready mix plant and is to be used at a high or very high slump (1"-12"). In lieu of the slump test, a 6" long, 3" diameter tube may be filled to the top and then slowly raised. The diameter of the resulting "pancake" may be measured and the range of the diameter shall be 9" to 14". It shall be flowable, require no vibration and after it is placed excavatable by hand tools and/or small machines. The ingredients shall comply with the following:

Portland cement	AASHTO M85
Fly Ash	AASHTO M 295 Class F
Sand	M 4.02.02- ASTM C33 sand
Air	M 4.02.05

Type 1E and 2E must meet the following requirements:

Compressive	28 days	90 days
Strength	30-80 psi	100 psi ma.
Slump		10-12 inches
Air		1-30%

If Controlled Density Fill is used as back-fill material, it must fill the excavation to immediately below asphalt grade. The Contractor must then plate the excavation with a heavy duty steel plate adequate to carry heavy traffic and wait twenty-four hours for the CDF to cure prior to applying the Permanent Patch.

If an excavation is back-filled with Controlled Density Fill in accordance with this By-Law, then a Temporary Patch need not be installed but a Permanent Patch may be installed immediately. Permanent Patches installed over Controlled Density Fill shall consist of four (4) inches of bituminous concrete applied in a two and one-half inch base course and a one and one-half inch top course of bituminous concrete all installed in accordance with this By-Law. If an excavation in a cement concrete Public Way is filled with Controlled Density Fill, then the provisions of paragraph 5 (a) of this by-Law may be omitted, but the provisions of paragraph 5(b) and 5(c) must be complied with.

3. Temporary Patches

a. Bituminous Concrete

Following proper Compaction, a Temporary Patch which shall be the thickness of the existing asphalt pavement or a minimum of four inches whichever is greater shall be applied. It shall consist of either Cold Patch or bituminous concrete plant-mixed hot asphalt aggregate.

b. Temporary Patch to be maintained for one year.

A Temporary Patch that has been back-filled and Compacted shall be maintained by the Permit Holder or Contractor so that the patched surface and the surrounding area remain a single smooth unbroken plane for a period of time no shorter than one year after placement of the Temporary Patch.

4. Permanent Patches

Except when installed over Controlled Density Fill as described in paragraph 2 above, Permanent Patches shall be installed not less than twelve nor more than eighteen months from the date of installation of the Temporary Patch. Upon request by the Permit Holder or Contractor, the Awarding Authority Representative will inspect the Temporary Patch and determine if final settlement of the trench has occurred. The Awarding Authority Representative will notify the Permit Holder or Contractor within seven days of the inspection whether the Permanent Patch can be installed. Public Utilities or municipal departments may schedule Permanent Patches to replace all Temporary Patches then within the Permanent Patch Window without receiving prior approval from the Awarding Authority or its Representative but must give the or its Representative not less than seventy-two hours prior notice.

A Permanent Patch shall consist of one of the following: a) cold planing the Temporary Patch to a depth of one and one-half inches and then installing a minimum of one and one half inches of top course of bituminous concrete, or b) the excavation of the Temporary Patch in a bituminous concrete Public Way and replacement of this material with any additional processed gravel needed and two and one half inches of base course and one and one-half inches of top course of bituminous concrete or (c) application of the Infra-Red Process to the Temporary Patch, or d) the certification by the Awarding Authority Representative made during the Permanent Patch Window that the Temporary Patch in his reasonable judgment meets fully the standard of a Permanent Patch and thus requires no further work.

a. Cold Planing

If the cold planing method is used, the area to be cold planed must extend at least twelve (12) inches beyond all sides of the existing Temporary Patch. This area must be cold planed to a depth of one and one-half inches. Any broken or irregular edges of existing pavement shall be cut away in straight lines leaving a sound vertical face at least twelve (12) inches back from all edges of the existing pavement. The Permit Holder must provide a dust control system capable of complying with environmental air quality standards during cold planing and sweep the Public Way following completion of the cold planing work. All abutting edges of the existing pavement will be painted with an asphalt emulsion immediately prior to the placement of the Permanent Patch. The Permanent Patch will consist of the application of a top course of a minimum of one and one-half inches of bituminous concrete plant-mixed hot asphalt aggregate. After raking and rolling, the grade of the Permanent Patch shall match the existing bituminous surface of adjacent pavement. The finished Permanent Patch shall be level having no depressions retaining water on any of the surface. All seams of the finished perimeter shall be sealed with penetrating asphalt emulsion.

b. Excavation

Any Temporary Patch that has been patched with Cold Patch must be excavated and replaced with a bituminous concrete base in accordance with this paragraph. If the excavation method is chosen and if additional cutting of the existing pavement is required, it shall be done in neat straight lines. Any broken or irregular edges of existing pavement shall be cut away in straight lines leaving a sound vertical face at least twelve (12) inches back from all edges of the existing pavement. All abutting edges of the existing pavement shall be painted with an asphalt emulsion immediately prior to the placement of the Permanent Patch. The Permit Holder or Contractor shall remove and dispose of all excavated material and thoroughly compact the surface of the sub-base.

Following excavation the Permanent Patch shall consist of a bituminous concrete base and top laid and rolled in two (2) courses. The binder (base course) shall be a minimum of two and one half (2 1/2) inches in depth and the top course shall be one and one half (1 1/2) inches in depth. The minimum total thickness of both courses, measured after rolling, shall be four (4) inches or equal to the material that was previously excavated. If after compaction, more than four inches of Permanent Patch is needed in order to restore the excavated area to finish grade, additional bituminous concrete shall be used in the base course. The base course shall be placed and carefully raked and thoroughly rolled to the required thickness. The top course shall be placed to a grade that will match the existing bituminous surface after rolling. All seams of the finished perimeter shall be sealed with penetrating asphalt emulsion. The finished Permanent Patch shall be level having no depressions retaining water on any of the surface.

c. Infra-Red Process

If the Infra-Red Process is utilized to install the Permanent Patch, the area to be repaired shall be thoroughly cleaned to eliminate all potential contaminants. An infrared heater shall be positioned over the area to be repaired for a period of time required to plasticize the existing pavement to a depth of one and one half inches. Oxidation of the pavement caused by improper heating techniques must be avoided. If this condition occurs, all oxidized material must be removed and replaced with Class I bituminous concrete meeting the Standard Specifications of the Mass. Highway Dept.

The softened area shall be inwardly reworked from approximately one foot beyond all sides of the original Temporary Patch. This designated area shall be treated with a penetrating asphalt emulsion, uniformly scarified and raked to a workable condition. For street crossings and/or trenches with jogs, the reworked area will be extended beyond the outermost jog in a straight line parallel with the opposite outermost jog. Under no circumstances may the infrared heat treatable patching mix that is used register a temperature under 200 degrees F.

After the paving mixture has been properly admixed and raked to grade, compacting shall be obtained by use of a steel-wheeled roller of sufficient weight to establish a uniform density comparable to that of the surrounding pavement surface within the work area. The finished Permanent Patch shall be level having no depressions retaining water on any of the surface. All seams of the finished perimeter shall be sealed with penetrating asphalt emulsion.

A petroleum resin sealant shall be applied consistently to the entire heated area by mechanical means or hand application at an approximate rate between .1 and .25 gallons per square yard. Actual rate will be determined on site by an approved absorption test method. A mineral filler will then be broadcast over the newly sealed area to absorb any excess liquid and prevent tracking and the area immediately opened to traffic.

d. Certification

If a Permit Holder seeks to qualify a Temporary Patch as a Permanent Patch, it must make the application for inspection set out above and specify in it its request for certification. The Awarding Authority Representative will notify the Permit Holder within thirty days of the request whether the Temporary Patch has been certified as a Permanent Patch. If it is not so certified, the Permit Holder shall forthwith cause a Permanent Patch utilizing one of the three remaining methods set out above to be utilized.

e. Newly Paved Roads

On Newly Paved Roads, the Awarding Authority Representative may require in addition to the placement of the Permanent Patch, that the Permanent Patch shall be treated by a process (infra-red, microwave or equivalent) that will ensure that the Permanent Patch is integrated into the existing bituminous surface in a seamless manner.

f. Final Inspection of Permanent Patch

Following completion of the Permanent Patch, the Permit Holder or Contractor shall give notice thereof to the Awarding Authority Representative who shall inspect the Permanent Patch. If the Awarding Authority Representative is satisfied that the road has been restored to as good a condition as existed prior to the Street Opening Work, he shall so note on the Street Opening Permit and any Refundable Deposit securing that Street Opening Work shall be refunded promptly to Applicant. If the Awarding Authority Representative determines that the Permit Holder is in Default, the Awarding Authority may proceed in accordance with Section 27.13. Remedies, of this By-Law.

5. Special Rules for Cement Concrete Roadways

Any excavation in a cement concrete Public Way or Public Way with a cement concrete base with a bituminous concrete surface shall be backfilled as described in Section 27.11.2 and Temporarily Patched as described in Section 27.11.3. Immediately prior to the installation of a Permanent Patch, the following shall be done:

(a) the Temporary Patch and sufficient back-filled material shall be removed.

(b) a six-inch reinforced concrete slab shall be laid over the back-filled trench extending one (1) foot beyond all edges of the trench surface and allowing for four (4) inches of bituminous concrete to be installed above the slab. The slab shall have steel reinforcing for tensile strength in accordance with good engineering practices. The Permit Holder or Contractor shall install a temporary heavy duty steel plate adequate to carry heavy traffic over the trench until the concrete slab shall have adequately cured.

(c) once the concrete slab shall have cured, there shall be installed a four (4) inch layer of bituminous concrete applied in a two and one-half inch base course and a one and one-half inch top course all in accordance with this By-Law.

6. Shoulders

Suitable excavated material shall be placed in layers not to exceed six (6) inches in depth and Compacted. Shoulders shall be re-constructed to their existing condition and either loamed with six (6) inches of loam, limed, fertilized and seeded with roadside grass mix or covered with four (4) inches of wood chips as directed by the Awarding Authority Representative.

7. Sidewalks

Any excavation in a concrete or bituminous concrete sidewalk shall require that the entire sidewalk area containing the trench be replaced. Any concrete sidewalk section that is excavated or damaged by the excavation must be replaced in its entirety. Suitable excavated material or gravel shall be placed in layers not to exceed six (6) inches in depth and Compacted. All sidewalk areas will be installed by the Permit Holder or Contractor in conformance with the ADA and the Architectural Access Board Regulations currently in effect. Bituminous concrete sidewalks shall have two courses (two inches of binder and one inch of top) of bituminous concrete plant-mixed hot asphalt aggregate applied to and rolled to create a pavement surface consistent with the adjacent bituminous concrete surface. Concrete sidewalks shall have four inches of poured concrete applied to finish grade. The concrete shall be placed in alternate slabs 30 feet in length except as otherwise ordered. The slabs shall be separated by transverse pre-formed expansion joint filler one half inch in thickness. Concrete driveway openings shall have six inches of poured concrete applied to finish grade. Pre-formed expansion joints will be installed against buildings, walls, steps, foundations or existing concrete block.

8. Curb and Berm

Any curbing or berm which is damaged or removed as part of the Street Opening Work shall be properly replaced in kind. The use of cast-in-place concrete curbing is prohibited. All salvageable granite curb that is removed from the Public Way and is excess is the property of the Town and shall be delivered to the Highway Department by the Permit Holder or Contractor.

9. Wheelchair Ramps

Existing wheelchair ramps which are damaged or removed under Street Opening Work shall be reconstructed in kind and in conformance with the ADA and the Architectural Access Board Regulations that are currently in effect.

10. Curb Cuts

Any curb cut within a Public Way cannot exceed the following dimensions unless specifically approved by the Awarding Authority Representative:

Single Family Dwelling- 16 feet
Multi- family Dwelling- 18 feet
Two Family Dwelling- 18 feet
Commercial Property- 24 feet

Driveway entrances into Public Ways must butt into and not overlap the edge of the existing roadway hardened surface. The driveway must be graded in such a manner that no ponding of water occurs within the Public way and in accordance with the Architectural Access Board Regulations. Driveways shall not be located on small radius curves and shall be positioned as to provide maximum sight distance and safety.

27.12 SUSPENSION AND REVOCATION

The Awarding Authority or Awarding Authority Representative, if it believes a Default has occurred, can suspend immediately for up to 21 days a Street Opening Permit by communicating such suspension to any of the Permit Holder, Licensed Contractor, or any of their respective representatives at the job site.

The Awarding Authority or its Representative may revoke a Street Opening Permit granted hereunder after notice and hearing if it shall reasonably determine that a Default has occurred. Permit Holder shall be given not less than five days prior written notice of the time and place of the hearing and shall have the opportunity at the hearing to present evidence. Any person aggrieved by the decision of the Awarding Authority or its Representative may appeal such decision to the appropriate court of competent jurisdiction or to the extent applicable law provides, to the Department of Telecommunications and Energy.

27.13 REMEDIES

If a Permit Holder or Licensed Contractor shall be in Default as defined herein, the Awarding Authority or its Representative may:

1. Suspend or revoke the Street Opening Permit as provided in Section 27.12 above. If the Street Opening Work has commenced but is not completed at the time of a suspension or revocation, the Awarding Authority or its Representative can order the Street Opening Work to be completed by another Licensed Contractor the cost of which is paid for from the Permit Holder's Refundable Deposit Account or by Permit Holder if the Refundable Deposit is insufficient or does not exist.
2. Suspend or revoke the Licensed Contractor's Public Works Construction License pursuant to the Public works Construction By-Law.
3. Assert the Town's legal remedies.

STREET OPENING BY-LAW ATTACHMENT- FEE SCHEDULE

Application Fee- \$50.00

Inspectional services after Normal Working Hours- \$50.00 per hour

Nominal Schedule of Refundable Deposits for Street Opening Work in Public Ways

To open to center of Public Way	\$ 300.00 each opening
To open across the Public Way	\$ 600.00 each opening
To open to center of state highway	\$ 1500.00 each opening

To open across a state highway	\$ 2000.00 each opening
To open trench in unpaved shoulder (parallel to street)	\$ 10.00 per linear foot
To open trench in paved Public Way (parallel to street)	\$ 25.00 per linear foot
Curb cut for a private driveway	\$ 200.00
Curb cut for a subdivision street	\$ 500.00
Newly Paved Roads (Infra-Red or equivalent)	
To center of Public Way	\$ 700.00
Across the Public Way	\$ 1400.00
To open a sidewalk (includes 3 sq. yds.)	
Bituminous concrete sidewalk	\$ 300.00
Concrete sidewalk	\$ 600.00
To excavate a sidewalk (over 3 sq. yds.)	
Bituminous concrete sidewalk	\$ 15.00 per sq. yd.
Concrete sidewalk	\$ 25.00 per sq. yd.

Note: The actual amount of each Refundable Deposit shall be reasonably determined by the Awarding Authority or its Representative to be sufficient to secure Applicant's performance under this By-Law.

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Highway Superintendent*)

ARTICLE 54: To see if the Town will vote to amend the Town of Plainville By-laws by adding the following:

SECTION XXVIII – PUBLIC WORKS CONSTRUCTION LICENSE BY-LAW

28.1 INTRODUCTION

From time to time, it is necessary to excavate a Public Way in order to install, repair, or remove utilities or install or realign a driveway with the possibility of removing curbing and/or fencing. It is desirable that persons working in or under a Public Way have the necessary skills to perform this work in a competent manner so that Public Ways are maintained to protect the health and safety of all persons traveling on them. This By-Law is adopted under authority granted by M.G.L. Chapter 40 section 21.

28.2 DEFINITIONS

Awarding Authority: The Board of Selectmen of the Town of Plainville has authority to exercise the powers granted by this By-Law.

Awarding Authority Representative: That municipal officer or employee to whom the Awarding Authority in a writing has delegated some of its powers hereunder so that the process of license granting and administration will proceed expeditiously.

Highway Department: The municipal agency generally responsible for the repair and maintenance of Public ways within the municipality.

License Applicant: Any person or entity in the general contracting business, qualified to do business in the Commonwealth of Massachusetts who wishes to perform Street Opening Work in a Public Way either as a Permit Holder or as agent for one or more Permit Holders.

License Application Fee: An annual \$50.00 non-refundable fee payable in cash or by check made payable to the Awarding Authority each time a License Application or renewal is filed.

Licensed Contractor: A contractor who holds a current and valid Public Works Construction License issued by the Awarding Authority.

Permit Holder: an "Applicant" as defined in the Street Opening By-Laws to whom a Street Opening Permit has been granted.

Public Way: Any road, including such appurtenances as berms, curbs, drains, sewers, water mains, sidewalks and paved and unpaved shoulders within the paper lay-out to which the public has access and the Town is responsible for maintaining. Also referred to as a Street.

Public Works Construction License: That license required of certain persons or entities who wish to perform Street Opening Work in Public Ways.

Street Opening Permit: A permit granted pursuant to the Street Opening By-Law conferring permission to do Street Opening Work in a Public Way.

Street Opening Work: Any cutting, excavating, compacting, construction, repair or other disturbance in or under a Public Way together with restoration of the Public Way in accordance with the Street Opening By-Law following such disturbance, but excluding the location or relocation of utility poles for which a grant of location has been obtained pursuant to M.G.L. Chapter 166 section 27.

Violation: The failure of the Licensed Contractor, its employees, agents and subcontractors to (i) comply fully with any or all provisions of this By-Law, the Street Opening By-Law, and any Street Opening Permits or supplemental instructions, the Town's General By-Laws or other applicable law, or (ii) to keep its Certificate of Insurance in full force and effect.

28.3 GENERAL

No person or entity may become a Licensed Contractor unless it shall:

1. be in the general contracting business, and
2. be qualified to do business in the Commonwealth, and
3. be qualified, in the reasonable judgment of the Awarding Authority, by experience, training of personnel, financial resources, and previously demonstrated, satisfactory performance of the entity, and/or those individuals who control it, to perform Street Opening Work in Public Ways in the municipality, and
4. have completed the licensing process described below.

A License Applicant may demonstrate its compliance with (3) above by presenting to the Awarding Authority or its Representative evidence that it holds a current "Pre-Qualification Rating" issued by the Massachusetts Highway Department pursuant to 720 CMR 5.00 which, in the reasonable judgment of the Awarding Authority or its Representative, is sufficient in terms of Class of Work, Maximum Capacity Rating and Single Capacity Rating (all as defined in 720 CMR 5.00) to demonstrate sufficient capacity to perform anticipated Street Opening Work. A License Applicant whose Public Works Construction License has been suspended or revoked in the three year period preceeding the date of the current application may not demonstrate compliance with (3) above using this method.

Public Works Construction Licenses are valid from the date issued until December 31 of the year in which issued unless sooner suspended or revoked. A Public Works Construction License must be renewed each year.

28.4 APPLICATION PROCEDURE

The License Applicant shall file on forms designated by the Awarding Authority a completed and signed application at the offices of the Awarding Authority or its Representative (with a copy delivered to the Highway Department). The License Application shall be accompanied by any and all certificates, certificates of insurance demonstrating compliance with (V) hereafter, and other items specified in the Application or reasonably requested by the Awarding Authority or its Representative. It shall also be accompanied either by evidence that License Applicant is currently and appropriately "pre-qualified" pursuant to 720 CMR 5.00 or by such evidence of License Applicant's compliance with the provisions of III (3) above as the Awarding Authority or its Representative reasonably may require. The License Application shall also be accompanied by the License Application Fee.

The Highway Department shall promptly review the Application and make written recommendations thereon.

The Awarding Authority or its Representative shall make a prompt determination on the License Application in accordance with the standards set out in Section 28.3 above.

If the License Application is favorably considered, a Public Works Construction License shall promptly issue. If the License Application is not favorably considered, Awarding Authority or its Representative shall communicate in writing to License Applicant the reasons its application was not favorably considered. The Awarding Authority may establish streamlined procedures for renewal applications.

28.5 INSURANCE

Each Licensed Contractor shall acquire and continually maintain while licensed hereunder liability insurance coverage on all personnel and equipment to be used in the Street Opening Work which insurance is to be with insurance companies licensed to do business in the Commonwealth of Massachusetts and shall contain the following coverage's and be in the following minimum amounts:

Commercial General Liability Insurance including operators, independent contractors, complete operations, XCU hazards, broad form property damage and personal injury.

General aggregate:	\$1,500,000.00
Products and complete operations:	
Aggregate	\$1,000,000.00
Each occurrence	\$1,000,000.00
Combined single limit	\$2,000,000.00.

Automobile Liability Insurance- Covers owned, non-owned and hired vehicles.

Bodily Injury Liability	\$ 500,000.00 each person
	\$1,000,000.00 each accident
Property Damage Liability	\$ 300,000.00 each accident
Combined Single Limit	\$2,000,000.00

The Licensee agrees to maintain at the Licensee's expense all insurance required by law for its employees, including disability, workers compensation and unemployment compensation.

Certificates of Insurance shall provide for at least thirty (30) days' notice to the Awarding Authority of cancellation or material change. The name of the Awarding Authority shall be listed as an additional insured on the Certificate of insurance to be provided by the Applicant. The Awarding Authority is not responsible for any loss or damage whatsoever to the property of the Licensee.

28.6 SUSPENSION AND REVOCATION

The Awarding Authority or Representative, if it believes a Violation has occurred, can suspend immediately for up to 21 days a Public Works Construction License by communicating such suspension to Licensed Contractor or any of its representatives at the job site.

The Awarding Authority may revoke a Public Works Construction License granted hereunder after notice and hearing if it shall reasonably determine that a violation of this By-Law has occurred. Licensed Contractor shall be given not less than five days prior written notice of the time and place of the hearing and shall have the opportunity at the hearing to present evidence. No License Applicant may re-apply for a Public Works Construction License during the twelve month period following a revocation. Any person aggrieved by the decision of the Awarding Authority may appeal such decision to the appropriate court of competent jurisdiction.

Or, to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Highway Superintendent*)

ARTICLE 55: To see if the Town will vote to amend Section 23.4 of the Town By-laws by adding the italicized language as follows such that Section 23.4 would read:

The notice of intention which must be filed with the Conservation Commission under and in accordance with the provisions of Massachusetts General Laws, Chapter 131, Section 40, shall constitute the notice of intention, which is required under Section 23.3 of this by-law, provided, however, that the plans submitted therewith describing the proposed activity and its effect on the environment shall include information on percolation rates and environmental impact data on erosion.

sedimentation, wildlife, recreation, esthetics, and such other information as the Conservation Commission may from time to time require. Each such notice or determination shall be accompanied by a filing fee to be determined in accordance with a fee schedule adopted by the Conservation Commission payable to the Town of Plainville. The fee is in addition to that required by the Wetlands Protection Act and Regulations.

And further that the Town vote to add Section 23.14 .1 to the Town By-laws, such Section to read as follows:

Without in any way limiting the authority of the Commission under Section 23.14, the Commission is authorized to include in any regulations adopted under this bylaw a fee schedule imposing fees for permits, determinations, amendments, extensions and certificates of compliance. Such fees shall be based on a reasonable estimate of the actual costs incurred by the Commission in carrying out its duties under this bylaw.

Or to see if the Town will vote to do or act in any manner relative thereto. (*Sponsor: Conservation Commission*)

ARTICLE 56: To see if the Town will vote to authorize the Board of Selectmen to sell to Old Colony Habitat for Humanity three parcels of land shown on Assessor's Map 14 as lots 39, 40 and, 41, said parcels located on Zeller Avenue and comprising approximately 26,916 square feet in total area, and further that the Board be authorized to stipulate terms and conditions in the Purchase and Sales Agreement which it feels to be in the best interests of the Town of Plainville and which are consistent with the goal constructing and selling a single family affordable home, or do or act in any manner relative thereto. (*Sponsor: Board of Selectmen*)

ARTICLE 57: To see if the Town will vote to approve the transfer of care, custody, management and control of the land and buildings which constitute the former Wood School from the School Committee to the Board of Selectmen to be used for another municipal purpose, or do or act in any manner relative thereto. (*Sponsor: Board of Selectmen*)

And you are directed to serve this Warrant by posting copies thereof in six (6) public places, in said Town, fourteen (14) days at least before the time of holding said meeting.

Hereof, fail not, and make due return of the Warrant with your doing thereon, to the Town Clerk at or before the time and place of said meeting as foresaid.

Given under our hands this 17th day of May, in the year of our Lord two thousand and four.

Robert Fennessy, Chairman

Robert Rose

Andrea Soucy

A true copy Attest:

Kathleen M. Sandland, Town Clerk May 20, 2004

ANNUAL REPORT OF THE PLAINVILLE PUBLIC SCHOOLS

For the Year Ending June 30, 2004

Mr. Malone began his ninth year as Superintendent of Schools for the Plainville Public Schools beginning July 1, 2003. With the completion of the addition/renovation of the Anna Ware Jackson School and the soon to be completion of the new Beatrice H. Wood School in its new location adjacent to the Jackson School on Messenger Street we were eager to begin the 2003/2004 school year in the Plainville Public Schools.

The successful fifth annual session of the Plainville Public School's PEAK (Plainville Elementary Advocates Knowledge) Summer Program ran from June 30 – August 1, 2003. This program, under the directorship of Jeffrey Colburn, Physical Education Teacher, has continued to expand programming and the number of students participating in the programs continued to increase. PEAK 2003 offered a morning program for Grades K-6 including academic, enrichment, remedial, sport and hobby courses. The Afternoon Activity Program was geared toward team-oriented recreation. Also offered was a preschool and kindergarten summer program as well as small group tutoring in math and reading for students entering Grades 4, 5, and 6. In total, 313 students participated in the various programming!

October 1, 2003 enrollment for pre-school – grade 6 showed a total of 841 students enrolled, up from 819 on October 1, 2002. Total staffing consists of approximately 60 teachers working in classrooms and subjects such as reading, art, music, physical education, Spanish, speech, special education, as well as two nurses. We also employ approximately sixteen instructional paraprofessionals working in classrooms as well as other staff such as speech/language therapy assistants, and a certified occupational therapy assistant. The breakdowns of the regular classrooms are:

Grade	Number of Students
Preschool	85
Six full day kindergarten classes	117
Six Grade 1 classrooms	101
Six Grade 2 classrooms	101
Five Grade 3 classrooms	112
Five Grade 4 classrooms	115
Five Grade 5 classrooms	105
Five Grade 6 classrooms	105
Total Enrollment	841

As a result of School Improvement Plans that were presented to the School Committee in October, both the Jackson and Wood School Councils were prepared to implement a variety of programs. Mrs. Anne Houle, Principal of the Anna Ware Jackson School, presented an Improvement Plan which included promoting understanding on the diverse characteristics of all students, continuing the family literacy and math take home program, offering parent workshops on literacy and the importance of reading to children, and providing alternatives to playing on playground equipment during morning recess such as a recess games club. Mrs. Peg Myers, Principal of the Beatrice H. Wood School, presented an Improvement Plan which included holding a parent visitation day, implementing a formal plan for curriculum review to ensure alignment with frameworks, investigating diversity training programs, providing in-service training with an emphasis on pervasive developmental disorders and promoting computer lab training. As you can see, the School Councils in both schools are dedicated to the continual improvement of the quality of our school programs.

A new item was added to the monthly school committee agenda—it is a showcase which once a month features a variety of programs in the schools. In November 2003 our first showcase was held. Students from Mrs. Levesque's fifth grade social studies classes presented their Native American

Indian projects on a tribe they had selected to study. The students who participated were: Austin Brais, Alecia Colella, Dante Francomano, Michaela Mulry, Jennifer Rooney, and Dane Solberg. In successive months, the Showcases presented were a Technology Demonstration of Storybook Weaver and Kidspiration with Grade 2 students, an interactive learning program for preschool students from LeapFrog that included leap pads, leap mats, and computer games, a Grade 3 PowerPoint presentation of the history of the Town of Plainville including pictures of past and present historical sites, a Grade 6 presentation of Mrs. Hoagland's Historical Voices enrichment class and Mr. Valois' Sports Biographies enrichment class, and a Grade 6 PowerPoint Publisher presentation from Ms. Walkers class—Students participating were Steven Barton, Emily Crocker, Katherine Goldberg, and Armando Palmieri. Our final showcase for the 2003/2004 year was a technology demonstration by Systems Technology Administrator, Stephanie Cheong, on NetOp School which is a management software program.

The schools offered enrichment programs in both the fall and spring for students. We thank the enrichment coordinators, Margaret Hoagland and Anne Sullivan, for coordinating the courses. Approximately twelve courses are offered each session with an assortment of topics such as Math Blasters, Scrapbooking, Wonder Science, Genealogy, and Poetry Workshop. Two-hundred sixty-five students took part in these classes.

Under the direction of Clinton Crocker, students in grades 2 – 6 participate in the Plainville Choral Society, a self-supporting group. The Plainville Choral Society performs annually at a Holiday and Spring Concert and performs on a regular basis at town functions, the senior center, and town celebrations. They have also recorded a CD and a music video. This ensemble continues to grow each year, and we are proud of the students who partake in this ensemble.

Professional development for staff is provided throughout the year. This year the focus was on technology. Ms. Cheong helped to coordinate a variety of workshops some of which were Internet Research, Multimedia, Excel, Publisher, PowerPoint, and Creating Simple Websites. Also, on specific in-service days for staff, the following topics were provided: SuccessMaker, Nystrom Maps, Internet and Software, Intro to WebQuests, Kidspiration, Accelerated Reader, and PowerPoint and Webpage builder.

Another program that we have had over the past few years that strives to support new staff members is our Mentoring Program. Coordinators Margaret Deeney and Janet Hale helped to provide another successful year of mentoring. This year we had eleven mentors meet regularly with their mentees to discuss an array of issue/concerns that new teachers may have; they attend workshops and keep journals of their year. We feel fortunate to provide this opportunity; funds to run this program are received from a grant.

Long-time school committee member, Janice Pothier-Pac resigned from her position at the end of April 2004 due to health reasons. We thank her for her many years of dedicated service; the time she spent as a school committee member was very productive and her influence produced an improved educational program for students. Janice was particularly involved with the various committees responsible for putting forward the renovation and building of the two Town elementary schools. Her replacement, Patrick Murphy, was appointed at a joint meeting with the Board of Selectmen in June. This will be a one-year appointment.

Four teachers resigned at the end of the school year 2003/2004. These teachers were Anna Cronin, Natalie Flaherty, Susan Geary, and Cheryl Rowe. Their combined years of service totaled 124 years! We thank them for their committed, professional service to the children of Plainville whose lives have been enriched because of their dedication to teaching.

In closing, we would like to extend our thanks to the Town residents for their support of the Plainville Public Schools. We intend to maintain the high educational standards for all our students.

Respectfully submitted,

Michael F. Malone
Superintendent of Schools

Clinton Crocker, Chairperson
Plainville School Committee

ANNUAL REPORT OF THE KING PHILIP REGIONAL SCHOOL DISTRICT

Norfolk - Plainville – Wrentham

SUPERINTENDENT'S REPORT

Though the school district experienced a reduction of ten teachers due to budget limitations, the focus of the school district's efforts remains the continual intellectual, social and emotional growth of our students. The district's professional development activities, mentor program, and data analysis are directed towards increasing our understanding of our students (their strengths and weaknesses) and the strategies that enhance student learning. An important part of improved student learning, however, still is contingent on a partnership between the schools and parents. With the communications technology currently available to our staff and most homes, we believe that parents and the school district will work together in a more timely fashion to address the needs of our students.

Student Enrollment

Total student enrollment continues to increase. The chart below shows the changes in total student enrollment for the last six years, based on our annual October 1 report submitted to the Department of Education.

1999	2000	2001	2002	2003	2004
1712	1800	1880	1955	1986	2032

Though our student enrollment continues to increase, our per pupil expenditures for curriculum related materials continue to decrease due to budget limitations. In addition, average class sizes at the high school continue to increase because of a reduction of six (6) teachers. The middle school experienced a reduction of four (4) teachers. This reduction resulted in the elimination of teams (a group of four teachers sharing the same students) and an increase in the number of study periods for students. The following table presents the changes in class size at the high school by department from 2002-2003 to 2003-2004.

Average High School Class Size by Department

Department	#	Average	FTE	#	Average	FTE
	Sections	Class Size		Sections	Class Size	
	2002 – 2003			2003-2004		
Art	26	20.0	4.4	21	24.3	3.6
Design Technology	8	18.9	1.6	7	20.9	1.4
English Language Arts	60	18.9	12.0	55	20.6	11.0
Foreign Languages	39	20.2	7.8	40	21.0	8.0
Health/PE	39	24.6	5.0	31	31.1	4.0
History/Social Sciences	66	21.6	11.0	64	24.1	10.4
Information Technology	38	16.4	4.6	31	19.4	3.8
Mathematics	56	19.4	11.2	50	21.5	10.0
Music	6	25.2	1.0	6	26.5	1.0
Sciences	55	20.7	11.0	52	20.7	10.4
Totals	393	20.3	69.6	364	22.5	63.6

The number of classes from 25 to 29 students increased from 68 to 119, and the number of sections with thirty (30) or more students in the five core subjects (English, History, Math, Science, and Foreign Language) went from zero (0) to nine (9).

Physical Facilities

The school district remains involved with two building projects. The middle school project has three phases. The first phase was the construction of a new wing that included 29 new classrooms. This phase was completed in December 2003, and was occupied by our staff and students in January 2004. Phases 2 and 3 of the project are renovations of the existing building. Phase 2 will be completed in August 2004, and Phase 3 will be completed in December 2004. During the year the building committee continued to meet with the architect and the newly hired project management company to review and refine the plans for the high school. Current plans are to commence construction of the new wing of the high school in March 2005.

Staff Composition

The school district did hire 6.4 new teachers for the school year 2003-2004 due to retirements and resignations. The following teachers who retired at the end of the year and their years of service include Richard Ahern (35), Susan Handverger (35), Daniel Keleher (35), Patricia Netto (22), Jane Southworth (35), Patricia Viles-Antonellis (20), and John Young (34). Elaine Hanson was appointed Associate Principal of the high school for the school year 2004 – 2005, and will become principal on July 1, 2005.

Curricular Offerings

The district's curricular offerings continue to change. The most significant change is the order of courses in the History and Social Sciences Department. With the school year 2003-2004, the middle school course sequence includes Ancient History (Grade 7) and World History (500 to 1800). A two year U.S. History sequence starts with Grade 9 during the 2004-2005 school year.

Due to reductions in staff, several high school offerings were reduced from one year to semester courses. These changes primarily affected the Art and Information Technology departments.

Co-Curricular Activities

Students are offered a wide range of co-curricular activities. Both schools have Student Councils that provide leadership and sponsorship for school activities and community service activities. Students are recognized for their outstanding academic work through several honor societies (National Honor Society, French Honor Society, and Science Honor Society), as well as the numerous scholarships and awards presented at the annual Awards Night. Students also contribute to their school communities through their production of school newspapers and yearbooks. The Music program continues to excel from a competitive aspect and from the entertainment it provides the community. The Drama students offered for its audiences "It's a Wonderful Life", "The Dinner Part" (a student-directed play), and "the Philadelphia Story".

Athletically our teams remain very competitive in the Hockomock League and State competitions. Each season the teams compete at a very high level. The high school received the Hockomock League's overall first place award as a result of the composite records of all the teams.

Staff Development

During the year, our staff developed course achievement targets for courses taught by more than one teacher. They also identified the five to seven most important course achievement targets for which they will develop common assessments to be given during the 2004-2005 school year. The teachers will analyze the data from these common assessments.

On behalf of the School Committee, the school district appreciates the support of the three communities as we strive to provide a level of education that provides our students with exceptional opportunities to succeed in subsequent stages of their lives.

Respectfully,

Richard J. Robbat
Superintendent of Schools

Appendix Student Data

The following tables represent some of the accomplishments of our students. The data will change from year to year because of the variable attributed to each class. The data, however, may represent some trends that are helpful.

The Post High School Graduation Plans table is based on the responses of seniors to the Guidance Department's annual Senior Class Survey. Within the "Total Four Year Colleges" row, there are changes in the percentage of students who attend public and private colleges. Reasons for these changes are unclear, though often there is a relationship to the economy.

Post High School Graduation Plans

	Class of 2000 (N = 176)	Class of 2001 (N = 221)	Class of 2002 (N = 232)	Class of 2003 (N = 230)	Class of 2004 (N = 259)
Four Year Public	30.7%	37.1%	32.3%	36.5%	31.7%
Four Year Private	41.5%	41.2%	39.3%	33.9%	43.6%
Total Four Year Colleges	72.2%	78.3%	71.6%	70.4%	75.3%
Total Two Year Colleges	9.1%	8.6%	12.5%	7.4%	8.1%
Total Other Education	0.6%	0.9%	3.0%	4.3%	3.9%
Total Post High School Education	81.9%	87.8%	87.1%	82.1%	87.3%
Military	2.8%	1.4%	1.7%	2.2%	0.4%
Employment	5.7%	6.8%	7.3%	6.1%	1.5%
Undecided	9.7%	4.1%	3.9%	9.6%	10.8%

The next table shows the SAT I results (the initial college aptitude exam taken by most students in this part of the country) as compared to state results. The average differential between King Philip High School results and state results are somewhat consistent for the verbal part and show improvement in mathematics.

Average SAT I Results

Year	Verbal			Math		
	KP Results	State Results	Difference	KP Results	State Results	Difference
2000	538	511	+27	518	513	+3
2001	545	511	+34	527	515	+12
2002	530	512	+18	520	516	+4
2003	543	516	+27	537	522	+15
2004	544	518	+26	539	523	+16

The next group of charts and tables from the Department of Education show the district's MCAS results since 2001, when, with the Class of 2003, passing both the Grade 10 English Language Arts and Mathematics became a high school graduation requirement.

ANNUAL REPORT OF THE TRI-COUNTY REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

In July 2004 the School Committee reorganized and elected the following officers: Chairman, Robert McLintock (Seekonk), Vice-Chairman Sheila Fisher (North Attleboro), and Secretary Robert Rappa (Franklin).

The School Committee conducts its regularly scheduled meetings on the third Wednesday of each month at 7:00 P.M. in the Committee Meeting Room at the school. Sub-committee meetings are scheduled as needed.

Graduation

On June 5, 2004, 178 students were graduated in an impressive afternoon ceremony. , Robert McLintock , Chairman of the Tri-County School Committee, delivered the welcoming address to more than one thousand guests. Music was provided by the Millis High School Band. Jean Walker, Director of Guidance, presented scholarships and awards totaling \$230,000 to deserving seniors.

Pupil Personnel Services

In September 2003, Tri-County welcomed approximately 868 students to the new school year. The district towns and number of students are Franklin 168, Medfield 8, Medway 44, Millis 37, Norfolk 30, North Attleboro 211, Plainville 84, Seekonk 76, Sherborn 7, Walpole 54, and Wrentham 75. Also 60 students were accepted from out-of-district areas.

During the 2003-2004 school year the Pupil Personnel Department continued its programs to provide information to students, parents, sending schools and District communities. The Department provided counseling for students regarding career pathways and post-secondary education. The Peer Helpers assisted in introducing Tri-County to junior high school students in sending communities and assisted new students in adjusting to Tri-County. A growing and successful Peer Mediators program offered conflict resolution for students by students. Safe and Drug Free presentations were offered to students school wide. The Guidance Department presented programs on preparing for college with the assistance of personnel from Dean College. Tri-County hosted Career Days for over 2000 Grade 8 students from the Regional District.

Tri-County's Career Advisement Program (CAP) was offered to all students in Grades 9-12 to assist students in preparing for their career pathways. This was the 7th year the program was offered, having started in September 1997.

Academics

Tri-County's academic program continues to focus on the Massachusetts Curriculum Frameworks and successful preparation for the related MCAS tests. Our endeavors in this regard reflect a multi-faceted approach, which includes professional development for faculty, raising of curriculum standards, development of various student support mechanisms, multiple diagnostic assessments, and analysis of school-based data.

We continue to incorporate technology into the instructional environment and have expanded our computer labs to three for academic class instruction. Various computer programs and computerized devices are being implemented in the learning process throughout the academic program area.

The most exciting academic achievement to occur this year is the continued implementation and refinement of the required Senior Project -- an integrated academic and vocational experience for our seniors. All seniors were required to participate. Components included a ten-page research paper; development of a product or service, and a ten to twenty minute presentation before a panel of judges including a teacher, an administrator and an industry representative. True collaboration between the English teachers and the Vocational teachers resulted in a deeper learning experience for each student and provided an academic focus for seniors throughout their school year.

In continuing to prepare students for either the work force and/or college Tri-County is now offering AP Calculus, Civics, web Design, and continues to offer Spanish. With the increase in both academic and vocational-technical rigor Tri-County students are required to pass four years of English, Mathematics and science; three and a half years of a shop major; three years of Social Studies (including 2 years of U.S. History); and two years of physical education/health and vocational related.

Vocational/Technical Programs

During the 2003-2004 school year efforts were continued to acquire third party program approvals for all of our career and technical education courses. Currently the following programs have achieved certification from trade or industry groups:

Auto Body -Automotive Service Excellence (ASE)

Auto Technology -Automotive Service Excellence (ASE)

Computer Technology - A+; Cisco Certified Network Associates; Network +

Cosmetology – Commonwealth of Mass. Board of Registration of Cosmetology

Culinary Arts – American Culinary Foundation

Early Childhood Careers – Mass. Office for Child Care Services

Electrical - Mass. State Board of Electrical Examiners

Facilities Management – American Welding Society

Marketing – Microsoft Office User specialist

Medical Careers – Mass. DPH Certified Nursing Assistant (CNA)

Plumbing & Hydronic Heating – Mass. State Board of Examiners of Plumbing & Gas Fitters

Precision Machining – (NIMS) National Institute for Metalworking Skills

Culinary Arts – (Prostart) Massachusetts Restaurant Association

We will continue to seek similar approvals in other career and technical fields as it is one other way of validating our offerings and ensuring that students are receiving instruction in skill areas needed for the twenty-first century workforce.

Continuing Education

The Continuing Education Program offers an Adult Cosmetology program during the day. The program runs from September to May and follows the high school calendar. Registration for this program takes place at the end of May each year. The Evening School Division enrolled approximately 500 students for the 2003-04 school year. Registration for the Evening Division takes place in September and January. Continuing Education brochures can be obtained at your local Town Hall.

Student Activities

National Honor Society – Membership begins in the eleventh and twelfth grades based on the academic review commencing third term of sophomore year. Upon meeting the scholastic requirements, the National Honor Society Advisor will notify each potential Grade 10 – 12 candidate with directions for completion of a NHS Portfolio. This includes evidence of Leadership, Service, Character, three (3) letters of recommendation and a personal statement.

The Peter H. Rickard Chapter of Tri-County is comprised of ten seniors and juniors. During the school year 2003-2004, the group participates in many fund-raising and community services both in and out of school. In November, NHS organized a school wide Holiday Food Drive that collected 1500 lbs. of nonperishable food. Food baskets were distributed to needy families in the Franklin area. The remaining food was distributed to the Franklin Food Pantry and other local soup kitchens. It has been the tradition of NHS to host a "Leadership Breakfast" in March, honoring students who have shown outstanding achievement during the school year. Students organize the event, help with set up in Gerry's Place, and cheer on the participants.

NHS students volunteer their time to distribute daffodils during the "Daffodil for Cancer" weekend in April. They participated in the May Walk for Hunger, and in February they organized a two day Read-A-Thon at Next Generation Day Care and Preschool in Franklin. The Read-A-Thon included a puppet show, and the students visited different classrooms, giving presentations and reading in celebration of Literacy Month.

The school year ended with the organization and presentation of Tri-County's thirteenth annual Honors Night. NHS students stuffed envelopes, delivered letters to students, and helped to set up and distribute awards on this most important night.

Vocational Industrial Clubs of America (Skills USA-VICA) - A national professional organization for career and technical students, Skills USA-VICA provides leadership, citizenship and character development activities and programs, as well as opportunities for awards, tools, and scholarships through local, district, state, national, and even international competitions in trade, leadership and demonstration programs.

Skills USA-VICA emphasizes respect for the dignity of work, quality products and services, leadership, and concern for others. Members also learn about the democratic process of proper business procedure through the ordinary workings of the organization at the local level. In addition, members participate in activities, workshops and conferences to develop their job skills as well as their personal communications and leadership abilities. Through community service projects, they learn the value of service to others as a lifetime commitment.

Distributive Education Clubs of America (DECA) - A national organization for high school students enrolled in a marketing program, DECA prepares its members for future leadership roles in marketing, management and entrepreneurship. DECA emphasizes leadership development, civic consciousness, social intelligence and vocational understanding. Students compete in both written and oral competitions at the district, state and national levels.

The marketing students also competed at the Massachusetts School Bank Association State Spring Conference.

Student Government

Student Advisory Committee -The student body elects five (5) students to membership on the Student Advisory Committee. The principal appoints one of these elected members who will report student concerns and activities to the Tri-County School Committee each month; and two (2) students from this group sit on the Tri-County Scholl Improvement Council; and two (2) serve on the High Schools That Work Site Committee.

The student body chooses two (2) students to represent Tri-County on the State Student Advisory Committee.

These seven (7) students also serve as ex officio members of the Student Council.

Class Officers -The freshman, sophomore and junior classes will elect a President, Vice-President, Secretary, and Treasurer for their respective classes for the following school year. The incoming freshman class has an election for class officers no later than the last day of the first academic term. Under the supervision of the Class Advisor, officers will schedule, organize and conduct monthly after-school meetings of their respective classes, to plan activities and hear concerns that they can communicate to the Student Advisory Committee. Class officers serve as ex officio members of the Student Council.

Student Council -Each class elects (4) representatives to the Student Council for the following year. These students, along with the class officers and the five Student Advisory Committee members, will serve as the overall student governing body. The group will meet at least bi-weekly after school, and will advise the faculty and administration of the day-to-day needs and concerns of the student body. Under the supervision of the Student Council Advisor, this group is also accountable for conducting and ensuring fair elections for Class Officers, the Student Advisory Committee, and the at-large Student Council Membership.

In addition, the Student Council plans and coordinates, civic, social, fund-raising, and community service activities.

Open Membership Activities

There are 9 different open membership activities at Tri-County. They are:

Chess Club	Spanish Club
Drama Club	Student Newspaper
Math Club	Teens Against Ignorance
Peer Helpers	Yearbook
SADD	

Summary

As we continue to provide for the educational needs of our students, we wish to thank District residents for their support and cooperation. In the future we intend to maintain the high educational standard that has earned Tri-County that support.

Robert McLintock, Chairman

ANNUAL REPORT

ELECTED and APPOINTED OFFICIALS

FOR THE

TOWN OF PLAINVILLE

FOR THE YEAR ENDING JUNE 30, 2004

ANNUAL REPORT OF THE BOARD OF ASSESSORS

JULY 1, 2003 TO JUNE 30, 2004

We hereby submit the annual report of the Board of Assessors for Fiscal Year 2004. It includes a required breakdown of the town's value of assessed property for FY04 by property types as normally reported.

We have seen a major increase in land and home values mandated by the state. The average home value was increased by 20%.

With the retirement of our Assistant Assessor our Part Time clerk was promoted to that fulltime position. We have also hired a Principal Assessor to provide more, much needed coverage in the Assessors Office to serve the public. The primary responsibilities of the position will be to see that all the property values are up to date and that we are able to set the tax rate in a timely manner. With this position, we will also be able to provide the state mandated requirements of yearly interim adjustments and supplemental assessments.

Our community is rapidly changing with an ever growing residential population. This factor and a decrease in the commercial/industrial base have created a shift in the tax base, increasing the residential percentage.

The construction of homes also requires us to provide more municipal services. New schools, police, fire and other town services are costly improvements to accommodate an expanding Plainville.

Our responsibility is to raise tax revenue as required according to debt exclusions, overrides and spending at annual town meeting.

The information accumulated and compiled by the Board of Assessors indicates that Plainville is heavily forested and much of this land is dedicated to the conservation through both municipal and private land conservation authorities. The town experienced great expansion of single family homes throughout the 1980's. Sales showed that expansion subsided through most of the 1990's and regained growth in 2000 through 2004. Fiscal Year 2006 will be a revalue year, so a marked increase in values is expected with a possible lower tax rate.

At the close of the Fiscal Year, Plainville as a community maintained its rural nature.

The Board of Assessors had a very active year during FY04 as well as weekly posted meetings were held at 7:30 P.M. except on holidays.

The Board of Assessors recommended, and the Board of Selectmen voted, to use a single tax rate of \$13.12 for FY04.

Respectfully submitted,

Richard R. Follett, Chairman

Stanley J. Nacewicz

Patricia Stewart

ANNUAL REPORT OF THE CONSERVATION COMMISSION

The Plainville Conservation Commission respectfully submits the following report of the various activities that the Conservation Commission pursued during Fiscal Year 2004. Any person who wishes to learn more about this report or the functions of the Commission is invited to contact the Conservation Office or a member of the Conservation Commission. The Commission generally meets the second and fourth Tuesday of each month at 7 p.m. in the Town Hall.

The Conservation Commission is comprised of seven volunteer members appointed by the Board of Selectmen to three-year terms. Commissioners serving during the Fiscal Year 2004 included Brendan Lynch (Chairman); Robin Pollock (Vice-Chairman); Bob Davis; Paul Graham; Bob Hemmingsen; Richard Thibault; and newly appointed member Lindsay Martucci. The Commission is assisted by a part-time Conservation Agent. This position – vacant during the last fiscal year – was filled when the Commission hired Kristen Phelps in September of 2003.

The primary role of the Conservation Commission involves the administration and enforcement of the Massachusetts Wetlands Protection Act (MGL Ch. 131, s. 40) and the Plainville Wetlands Protection Bylaw (Section XXIII). To this end, the Commission's responsibilities include meeting with residents and/or applicants; reviewing proposed projects; holding public hearings; conducting site visits; issuing permits; and ensuring compliance with statutes and permits.

During Fiscal Year 2004, the Commission met twenty-one times, opening a total of thirty-four public hearings for Notice of Intent applications and holding three public meetings for Requests for Determinations of Applicability. Representative projects reviewed by the Commission included multiple new single-family dwellings; a 46-unit senior housing development off of South Street; a childcare center on Messenger Street and several commercial developments on Washington Street. In addition to reviewing these new projects, the Commission continued to monitor numerous ongoing projects, issuing extension permits, certificates of compliance and enforcement orders when necessary.

While the vast majority of the Commission's time is spent on regulatory or permitting matters, they are also charged with managing Town-owned Conservation Land and promoting the protection of additional open space through conservation restrictions, land donations and purchases. During the year, the Commission supported an Eagle Scout project undertaken by David Flynn involving the construction of a footbridge on the Ron Fredrickson Trail (off of Everett Skinner Road) and accepted the donation of a 2-acre parcel adjacent to Wetherell's Pond.

Respectfully Submitted by the Plainville Conservation Commission

The Council on Aging is the officially designated agency to evaluate, promote and encourage new and existing activities and services for residents of Plainville who are age sixty or over. The Council on Aging is the link between seniors who are in need of help and the services that are available to them. We are an information and referral source for all elders requiring assistance. Listed below are activities and programs that are held at the Plainville Senior Center.

ACTIVITIES: The activities at the Senior Center continue to grow and expand. Over 1,000 seniors have used the Center this year. Our activities include beginners, intermediate and advanced computer classes, exercise, Tai Chi, our "Forever Young" choral group, beginners and advanced line dancing classes, water color painting, card games and bingo.

SPECIAL SERVICES: Podiatrist, hearing evaluations, blood pressure clinic, massage therapist, free health clinics (cholesterol, blood sugar, blood pressure, flu shots, pneumonia, d/t) free legal assistance, tax assistance, SHINE (health insurance consultants) and notary public services. Speakers on medical, legal and financial issues are also invited to speak at the Center. The use of durable medical equipment, telephone reassurance, intergenerational programs and many more special services were offered. We also have a bi-monthly newsletter that reaches over 1100+ seniors.

SPECIAL EVENTS: Entertainment and dinners are usually held on a monthly basis with an average of one hundred to one hundred twenty-five seniors attending. We have pizza parties, 4th of July Barbecue, Hawaiian Luau at the Town Park, Volunteer Appreciation Dinner, Chocolate Dipping on Valentines Day, and parties on most holidays. We had over 170 people at our Christmas Party at the Tavern from Tower Square. We also hold a monthly dinner dance at Luciano's Lake Pearl with an average of 350 people from all over New England attending for a day of dinner, music and dancing. Our senior bus trips were very popular with a combined total of over 1000 people taking trips that ranged from Maine to Smokey Mountains.

LUNCH PROGRAM AND SENIOR VAN USE: The lunch program and the home delivered meals program run for us by HESSCO Elder Services, continues to be a very important component of the Senior Center. Over 8,000 meals were served at the Center and volunteers delivered over 7,000 meals to homebound seniors in the community. Our Senior Van was used over 6000 times for medical appointments, personal appointments, grocery shopping, trips to the Center, etc.

All of the activities and programs run by the Council on Aging could not have been as successful without the help of our many senior volunteers, the Lions Club, Police, Fire and Highway Department,

Town Hall employees, the School Department, and the local merchants. A heartfelt thanks to all who contributed to the success of the Plainville Senior Center.

The Council would also like to thank Executive Director Sue Hinski, Assistant Director Christine Fournier-Staples, Travel Coordinator Sandy Hammond, Bus Drive Rosie Sorrento and Meals Manager Red Mitchell for all their invaluable help in making the Senior Center such a welcoming place.

Respectfully submitted,

Plainville Council on Aging
Board Members

Officers: Edwin H. Harrop, Sr., Chairperson Lee Ross, Co-Chair
Dottie Kettell, Secretary Terri Galvin, Treasurer

Members: Frank Grzenda, Sandy Hammond, Marion Horne, Doris Ross, and Marie Soper.

Associate Members: Gloria Head, Florence Cushman, Vera Watson, Janis Bona, Miriam Lomasney and Natalie Rammel.

"Come grow older along with us, the best is yet to be."

ANNUAL REPORT OF THE FIRE DEPARTMENT

I hereby submit the annual report of the fire department for fiscal year 2004. It includes a breakdown of the Town's annual appropriation showing all expenditures for the fiscal year. Also the report shows the total number of incidents that the department responded to during the fiscal year.

I wish to thank the Board of Selectmen, Police Department, Highway Department, Water Department, Sewer Department, Building Inspector, Wire Inspector, all other boards, employees and all citizens of the town for their support, cooperation and help during the past year.

Respectfully submitted,
Edwin H. Harrop, Sr.
Fire Chief

ANNUAL REPORT OF THE BOARD OF HEALTH

The Board of Health's primary goal is to protect the public health and well being. This responsibility is performed in many ways.

- **Environmental Protection**

Providing a safe and healthy environment by protecting our water, air and other resources from contamination. This includes inspections and permitting of all public and private water wells and on-site sanitary sewage systems. The Board of Health office maintains information on the location of septic systems, pumping frequency and the location of water wells. We can also provide information on Title 5 inspections, septic system installers, well drillers and sewage pumpers.

The Health Department received and processed the following applications:

Water Wells	18
On-site Sanitary sewage systems	41
Percolation Tests Applications	49
Disposal Works Installers License	31
Sewage systems pumper License	18

- **Sanitation**

The Board of Health inspects restaurants, lodging establishments and seasonal/temporary food purveyors for cleanliness, proper food handling and sanitation at least three times per year. Plans for new and remodeled restaurants and facilities are also reviewed for adherence to, and protection of, public health. The Health Agent will also periodically inspect housing establishments for health-code violations.

The following licenses were issues in 2004:

Food, Retail & Mobile Establishments	70
General (massage, public pools, bakery)	5
Trailer Parks & Motels	5
Rubbish Haulers	27

- **Animal Programs**

The Board sponsors rabies clinics and has information available regarding rabies, lyme disease and West Nile Virus. Management of livestock inspections and coordination with regional mosquito control efforts are also completed.

- **Health-care Services - Annual Report from HealthCare Options, Inc.**

Health Care Options, an affiliate of Community Visiting Nurses Association, provides Public Health Nursing services to the Town of Plainville, through a contractual agreement with the Board of Health. A wide range of Public Health Services is available to the residents of Plainville by contacting Public Health Nurse Chris Delano at Health Care Options, or the Board of Health.

Immunizations – 210 immunizations

Adult and childhood immunizations are available by appointment by calling Chris Delano, RN at 508-222-0118 x 2144.

Due to mandatory restrictions on Flu vaccine availability, 204 Flu immunizations were administered in 2004, with additional clinics available in 2005.

Mantoux Testing

Mantoux testing with MDPH supplied PPD is restricted to testing high risk individuals only. Mantoux testing requires two visits, one to implant the test and the second visit to read and evaluate the test results. All positive tests are referred to a physician or public TB clinic for evaluation.

Lead Level Screening is available to children when required for school admission, or upon request.

Cholesterol, Blood Pressure, and Blood Sugar - 39 screenings

Health Promotion screening for Total Cholesterol, Blood Pressure, and Blood Sugar are provided twice a year. Referral to primary care physician is made for results outside of the normal range.

Communicable Disease – 27 Reportable Communicable Diseases investigated

Investigation, follow up and filing of MDPH reports is completed on all Communicable Disease reports received. This entails the investigation of each report, implementation of any mandated control measures, and filing a final report with MDPH. Guidance is available to school nurses and physician's offices regarding interpretation and implementation of quarantine and isolation regulations and mandated control issues.

Latent TB Infection – 6 follow ups of reported LTBI cases

LTBI (Latent TB Infection) is now reportable, and therefore requires a report to MDPH. When a positive TB test is reported, referral is made to an MDPH TB clinic for CXR and evaluation (if this has not already been done) Once active TB is ruled out, and Diagnosis of LTBI made, follow up is provided to those who are being treated prophylactically at the clinic or with a private physician (when possible), in order to encourage and document completion of therapy.

Maternal Child Health

Upon referral from a hospital, physician's office, or by family request, contact can be made to families of newborns. Education, support, and assessment of needs are provided. A home visit can be provided if requested/needed.

Vaccine Depot Services – 37 deliveries

Vaccine services include the safe storage and distribution of vaccines and MDPH educational materials and guidelines. It also includes the tracking of vaccines and all paperwork associated with the MDPH Vaccine Program, and resource information and education to providers. Vaccine is delivered to 3 providers (physician's offices) upon request.

Public Health Resource

Information regarding communicable disease, infection control, Health promotion, and immunizations is available to school nurses, residents, and medical providers. Resource information, guidance, and support is provided to school nurses to assist in the interpretation and implementation of public health requirements and standards within the schools.

Free Care

Is available on a limited basis to those Plainville residents requiring skilled nursing services, but having no insurance and the inability to privately pay.

Health Care Options has been providing quality Public Health Nursing services to the residents of Plainville for many years, and looks forward to continuing to serve the residents of Plainville

- **Trash & Recycling Programs**

The Board of Health manages the community trash and recycling programs including the operation of a recycling center located at the Department at the Public Works garage facility. The solid waste / recycling program had 1,562 participants in 2004. In addition to weekly curbside pick-up, the Board of Health, with the assistance of the Highway Department, also has the drop off services available at the highway garage for the following materials: metal, leaf and yard waste, CRT's, electronics, tires, batteries, fluorescent bulb and propane tanks. The Board also organizes periodic Household Hazardous Waste Collection days to provide residential drop off for the proper disposal of toxic materials. In 2004, 1,313 tons of trash was disposed of and 698 tons of recyclables were processed. That represents a 35% recycling rate. In addition, 247 tires, 111 propane tanks, 158 CRT's, 24 tons of scrap metal and approximately 430 tons of yard waste was diverted from landfills and incinerators as required by Massachusetts State waste bans. The Board also reviews the post closure documentation regarding the former Laidlaw landfill and provides periodic inspections of the site conditions and maintenance.

ANNUAL REPORT OF THE HIGHWAY DEPARTMENT

I am very pleased to report that the Highway Department has served the Town Of Plainville for another successful year and I hereby respectfully submit this Annual Report for Fiscal Year 2004.

Street Maintenance

All sidewalks and streets were swept at least once while others were swept several times. All street lines, symbols, crosswalks, parking lines, words and arrows were painted. All street, warning and regulatory signs were checked and repaired or replaced as needed. Holes and winter storm damages to our roads were fixed. Mowing was done in season. Cutting of brush at the roads edge and intersections was done as needed.

Resurfacing of Streets

Sections of Warren Street and Walnut Street were overlaid by the Lorusso Corp. as part of the water and sewer expansion needed for the Walnut Hills subdivision. There were no roads overlaid using Chapter 90 funds this Fiscal Year.

Street Drainage

Any catch basin in need of repair was either fixed or replaced. All Town owned catch basins were cleaned and their covers kept clear of debris throughout the year. All waterways and pipes were checked and cleaned as needed.

Snow Removal

Snow plowing and sanding was done as needed. When all was done, the Snow Ice Control budget, was deficit spent \$33,030.06. However during FY 04 we had a Blizzard, Dec. 5th through Dec. 7th, 03, 75% of the Blizzard's costs, or \$34,688, was recovered from FEMA. The Snow Ice Budget ended with an accounting surplus of \$1,657.74.

New Equipment

A new asphalt roller was purchased for \$8,100.00. With the use of \$3,295.00, of Chapter 90 money, the Town purchased a trailer for our Bobcat Loader.

Status of Accounts

Both the Highway Department's Operational, salaries and expenses, and the Snow and Ice Accounts, overtime and expenses, ended with a surplus. The Highway Operational ended with \$1077.17, in surplus, and the Snow and Ice ended with an actual surplus of \$.94.

Other

In closing, I would like to take this opportunity to thank my men, for doing their work day after day, to keep Plainville's roads safe and passable in all types of weather conditions. I would also like to thank all the Town's, Departments, Boards, Committees, hired equipment operators, hired drivers, and especially the wonderful people of this great small Town, for their help in making my job as pleasant as it is.

Respectfully submitted,
Calvin Hall
Superintendent of Streets

ANNUAL REPORT OF THE HISTORICAL COMMISSION

1905 CENTENNIAL YEAR 2005

We are always delighted by our annual fall visit from the Anna Ware Jackson School 3rd grade classes, under the direction Lynn Bernier. Before their visit to the Humphrey House, and all the town sites, including the Angle Tree Stone. The classes view a "Power Point" prepared by the third grade teachers, which helps the students recognize the people and historical sites they will visit during the day field trip. This also gives them time to think of questions to ask. The students were greeted by Elizabeth Johnson and Barbara Fulton-Parmenter, who answered their questions.

Our doors were open to the public during the Annual Lion's Club Fall Festival and also in the spring for Earth Day

Girl Scout Troop # 891 and troop leader Nancy Peterson held their troop meeting at the Humphrey House to learn the local history of the town through the ages. They enjoyed the history of Whiting & Davis and were able to see and feel the difference between raw and finished mesh, this was discussed with Elizabeth Johnson and Barbara Fulton-Parmenter. The history of the James and Dorcas Humphrey House was told by Priscilla Armour, much to the delight of the girls.

Scout Troop members under the leadership of Vincent Lorditch, visited with the question, what is the purpose of the historical commission. This was answered by Craig Brown and Barbara Fulton-Parmenter. The boys also viewed pictures of the town and the Angle Tree Stone.

Tiger Cub Pack 46 Den #3 visited to talk and learn the town history for a badge they were working on. They saw pictures of the Angle Tree Stone and asked questions in preparation for their visit to the stone, along with their Den Leaders James Marshall and Tim Delaney.

And a meeting with Chris Ryan he is working on his Eagle Scout Project, to view pictures historic to the town for sketching. This young man has a very artistic eye.

In a letter received for the Massachusetts Historical Commission concerning Plainville Commons excavations. There has been found an historical site where Native American Indians uses material from rock in that area for making arrowheads that needs to be preserved. There is a chain-link fence to be places around the area.

I would like to welcome Rosemary J. Coates to the commission as a full member; she will be a great asset with her interest in local history.

Again the commission would like to thank all those who presented us with pictures, articles, objects and books. We acknowledge the gifts with the names below:

We are continuing to work on "Field of Dreams". A site plan for our project was developed and accepted by the Planning Board in November 2003. The project will include 2 full size soccer fields, 1 practice soccer field, two babe ruth fields, two little league fields, a children's playground, 1 basketball court, a snack bar, bathroom facilities and a maintenance building. All of the work to date has been done at no cost to the town. We have raised about \$85,000 to fund the project and will be applying for grants and soliciting funds from local businesses, organizations and residents to help fund the project. We hope to break ground in the spring of 2005 and it is our wish that the project be completed by 2008.

The Park Department has also installed a security system throughout the park to deter vandals.

Respectfully submitted,
Maureen Dunfey

ANNUAL REPORT OF THE PLANNING BOARD

The Town of Plainville has an experienced and knowledgeable five member elected Planning Board and a Town Planner located in the Community Planning Office of Town Hall. The Planning Board generally meets the first and third Monday of every month at 7:30 PM on the second floor of the Town Hall. Agendas are posted in the Town Hall prior to each scheduled meeting. The general public is invited and encouraged to attend any and all Planning Board meetings.

The Planning Board has the responsibility to review proposed development projects and make decisions on them in accordance with state/local by-laws and regulations before they are constructed. The Planning Board works in cooperation with the Board of Health, the Conservation Commission, the Inspector of Buildings and the Zoning Board of Appeals.

The Planning Board continues to review the creation of new residential and commercial lots, in which they received thirteen Form A applications, eight Form L development permits and one Form M application (Special Permit). Based on these developments, the Planning Department has collected \$19,000 in application fees. The Planning Board receives assistance in reviewing and approving permits from a professional engineer, which is paid for by the applicants.

With each subdivision development and special permit, a bond is required as part of the process. These funds are utilized by the Town in the event the developer defaults on the project. The bond provides security and guarantee to the Town that the proposed plans are completed as approved. We are presently maintaining in excess of \$2,000,000 in bonds.

The Planning Board has reviewed and approved eight development permits, in which two of the permits are for office and retail buildings located at the end of Man Mar Drive and Washington Street. There is also a 42 room hotel planned for Taunton Street. The Planning Board approved a development for the Park and Recreation Commission to include several playing fields. On a larger scale, the Planning Board approved its first Commercial Retail development comprising approximately of 275,300 sq/ft of building area located on 50 acres in our designated Commercial Interchange zone. The retail center will have two large retail stores, one grocery store, a restaurant and several small retail businesses.

The Planning Board and the Town Planner belong to the New England Chapter of the American Planning Association, the Massachusetts Federation of Planning and Appeals Board, Inc, and the Southeastern Regional Planning and Economic District. All of these organizations serve as a valuable resource of information for the Community Planning Office.

All applications received and reviewed by the Planning Board are on file with the Office of the Town Clerk and in the Community Planning Office.

The Planning Board would like to take this opportunity to thank the residents and Town Officials for all their support and confidence they have provided to the Planning Board.

Respectfully submitted,

John Hopkins, Chairman

Edwin Harrop, Vice Chairman

James Throckmorton

Robert Davis

Stanley Widak

Amy Love, Town Planner

ANNUAL REPORT OF THE PLAINVILLE PUBLIC LIBRARY

Mission Statement: To provide the greatest possible access to the widest range of resources for all the residents of Plainville; to satisfy the diverse reading needs and interests of the community; to promote reading and literacy; to foster learning and lifelong education; to encourage the natural inquisitiveness of each individual; and to treat each person with dignity and respect.

Services: The Plainville Public Library has become an extremely busy place. We circulated 68,294 items this year; a 4.5% increase over last year's figure of 65,340. That averages out to 8.6 books, movies, books on tape, cds, cd-roms or DVDs circulated for each person who lives in Plainville. We continued to add new formats this year to, as demand from our customers grew. DVDs, Books on CD and CD-ROMs were all added as we continue to see an increase in usage for not just information but for family entertainment as well. Aside from our own collection you see below, all of our customers were able to borrow materials from any of the 40 SAILS network libraries' one million items.

<u>Our Collection</u>		
Books	Adult	18,519
	Children	13,600
Audio Books:	Adult	1,405
	Children	200
Videos/ DVD:	Adult	1,270
	Children	995
Electronic Format		159
Kits/ puppets/ puzzles		385
Magazine subscriptions		57
Museum Passes		12
Total		36,602

Customers can be notified by email when holds arrive at our library for them as well as have access to the Virtual Catalog, a statewide resource for borrowing books from libraries across the state. Some databases of periodical information were cut due to the drop in state funding. But we still have access to a limited number of databases for researching through our library catalog.

The active Plainville Public Library web site, located at www.plainvillepubliclibrary.org continues to be updated every week with programming information, Friends of the Library news, and more. This year we had 59,000 hits on our web site.

We average 34 people a week, who use our public internet and word processing computers to check e-mail, investigate products, conduct research for reports, etc.

<u>Circulation Statistics</u>		
Books	Adult	15,410
	Children	20,152
Audio Books:	Adult	5,515
	Children	507
Videos/ DVD:	Adult	9,620
	Children	12,156
Electronic Format		1,360
Kits/ puppets/ puzzles		1,093
Magazine subscriptions		1,785
Museum Passes		696
Total		65,380

Programming: The Library sponsored 116 children's programs for all ages. Over 2,500 parents and children attended these events. These included weekly story-times, Teddy Bear Picnic, Collecting Stamps, Science After School, the conclusion of our Mother Goose Asks Why? programming, and Rainforest Reptiles. As part of the Summer Reading Program, we received a grant from the Plainville Cultural Council for a performer, Keith Michael Johnson.

Our family programming continues to be our strongest participation including Family Night Out: Halloween, climbing wall, drop in craft sessions, Santa, Bunko Night, the Annual Scavenger Hunt, and Adult & Teen Summer Reading Rewards. We hosted 43 family and adult events, which attracted 861 people.

The Library participated for the first time in Literacy Night at the Jackson School, which we hope to make a yearly appearance. The Friends of the Plainville Library, Inc. gave a new book to each kindergartener in Plainville upon their graduation in June. The Library presented a series of 8 science-based programs as the Town Recreation Department Summer Camp. We also offered a Food For Fines month in March 2004, during which 240 fines were paid with dry goods given to the Plainville Food Pantry.

Building & Grounds: Our flower barrel was planted and maintained this year by Lois Mathurin of Plainville. More perennials were added to our garden this year as we also expanded some flowers into the gardens in front of the windows of the library to replace dead evergreens.

The library building continues to grow older and need more care. Painting, roofing and exterior repairs will not be far off. The heating system continues to have its problems as we have found a leak in the forced hot water system from the slab.

Personnel: Our staff now number six persons: Melissa Campbell, Judith Meixner, Stanley Koczera, Helena Moore, Paul Cutler and Maureen Ruscetti. We are still operating the library with one vacant Library Page position.

Staff continued training on new system applications as we moved throughout the year.

Recognition: The Plainville Public Library would like to thank the Plainville Lions Club for once again sponsoring the Boston Museum of Science Pass. Thanks also go to the Friends of the Plainville Public Library, Inc. for purchasing the passes to the Southwick's Zoo, Mystic Aquarium, Mystic Seaport, Museum of Fine Arts, Roger Williams Zoo, Easton Children's Museum, Providence Children's Museum, Boston Children's Museum, Capron Park Zoo, Butterfly Place, Plimoth Plantation, Tower Hill Botanic Gardens, and Blithewold Mansion. They also sponsor 7 magazine subscriptions, and many programs at the library. Their dedication to the library and in providing services we might not otherwise have is appreciated.

Thank you to all of the persons who have given donations in honor of a loved one this year. We had 48 people donate a total of 347 hours to the library this year, along with numerous donations of books for the Friends of the Library book sale. Without the generous support of the citizens of Plainville the Library would not be as nice a place to come as it is now. Thank you to the Trustees of the Plainville Public Library; Linda Lyon, Ellenor Yahrmarkt, and Barbara M. Lee, for their dedicated hard work to making sure the library is a welcoming, friendly, and resourceful place for everyone in the Town of Plainville.

Respectfully Submitted,
Melissa Campbell
Director

ANNUAL REPORT OF THE POLICE AND COMMUNICATIONS DEPARTMENTS

I respectfully submit the Annual Report of the Plainville Police and Communications Departments for the period July 1, 2003 through June 30, 2004

I. FINANCIAL

A. Budget – The following reflects the financial condition of the Police and Communications Departments as of June 30, 2004:

DEPARTMENT	ACCOUNT	APPROPRIATION	EXPENDED	BALANCE
Police	Salary	\$ 900,279.00	\$ 884,786.00	\$ 15,493.00
Police	Expense	\$ 96,363.00	\$ 95,743.00	\$ 620.00
Police	Out of State Travel	\$ 2,500.00	\$ 2,191.00	\$ 309.00
Communications	Salary	\$ 183,785.00	\$ 152,473.00	\$ 31,312.00
Communications	Expense	\$ 60,955.00	\$ 66,748.00	(\$ 5,793.00)

NOTE: 1. Balance amounts do not include amounts encumbered for unused vacation replacements.
2. All figures are rounded.

B. Grants – During the period of FY04, we received grants from both the Federal and State Governments. In addition we received two Norfolk County grants for the DARE program.

GRANT	SOURCE	AMOUNT	MATCH	PURPOSE
Community Policing	State - EOPS	\$ 47,500.00		Ongoing program to fund Community Policing activities
Homeland Security	OHS/EOPS	\$ 20,800.00		Purchase of equipment related to Homeland Security Threats (Gas Masks)
D.A.R.E. Summer Camp	Norfolk DA	-0 -		Assist in funding DARE Summer Camp with Wrentham & Norfolk(Joint Grant)
Community Gifts (includes local DARE)	Residents & businesses	\$ 3,500.00		Various gifts & donations
Bullet Proof Vest Replacement Program	Federal – Dept of Justice / State-EOPS	\$ 3,040.00		Bullet Proof vests for two new hires – Part Time
Governor's Highway Safety	State - EOPS	\$ 2,,253.00		Fund traffic initiatives such as Drunk Driving enforcement; seatbelt enforcement
TOTALS		\$ 73,593.00	\$ - 0 -	

C. Revenue – The department receives revenue from several different sources. Most all of this revenue except for the specific grants goes into the general fund. The breakdown for the various sources of revenue is:

Source	Amount	Source	Amount
Licenses/Permits	\$ 12,530.00	Traffic Fines (Court)	\$ 2,420.00
Reports	\$ 2,453.00	Traffic Fines (Parking-Issued))	\$ 2,085.00
Grants /Gifts	\$ 76,468.00	Traffic Fines (Parking-Paid))	\$ 1,939.00
Traffic Fines (RMV)	\$ 37,947.00	Detail surcharges	\$ 31, 977.00
• Not included in total			

TOTAL REVENUE FROM ALL SOURCES: \$ 164,944.00

II. ACTIVITY

TYPE	FY03	FY04	TYPE	FY03	FY04
9-1-1 Calls	1,151	1,511	MV Accidents (property)	258	233
Property Crimes	269	319	MV Accidents (Total/Fatal)	60 / 4	62/0
Person Crimes	1,632	1,852	Officer Generated Activity	3564	4,523.
Burglar Alarm Calls	381	386	Medical/Fire Call Assist	489	553
Various Complaints	2,694	2,239	Domestic Violence- Incidents	133	141
Domestic Violence- Violations	66	74	Domestic Violence- Arrests	17	19
Domestic Violence- Service	54	51	Total Arrests	134	232
Total Incidents				8,995	10,286

Property Crimes include: House breaks, larceny, shoplifting, & vandalism.

Crimes Against the Person include: Assault & Battery, Sexual Assaults, Threats, Robbery & Annoying Phone Calls.

III. TRAINING

<u>Division</u>	<u>Training Hours</u>
Patrol (FT)	841
Patrol (PT)	288
Communications	20

Total hours include 40 hours of in-service training for each full time sworn officer and 24 hours of in-service for each part time sworn officer. Includes two Officer Recruit Academy sessions

IV. OUTLOOK

Total of all incident reported is up by 14%. Staffing continues to be a critical concern. Also of concern is the fact that Domestic Incidents (all types) are still on the increase for the 3rd year.

Respectfully submitted,
Edward M. Merrick, Jr.
Chief of Police

ANNUAL REPORT OF THE SEWER DEPARTMENT

To the Honorable Boards of Sewer Commissioners and Selectmen :

Respectfully submitted by James R. Marshall, Jr., Superintendent

I respectfully submit the following report for the year 2004.

MONTH	SEWAGE TO NO. ATTLEBORO	MONTH	SEWAGE TO NO. ATTLEBORO
JANUARY	17,975,000	JULY	12,956,000
FEBRUARY	12,846,000	AUGUST	10,727,000
MARCH	13,299,000	SEPTEMBER	10,541,000
APRIL	32,039,000	OCTOBER	14,409,000
MAY	23,307,000	NOVEMBER	11,804,000
JUNE	11,362,000	DECEMBER	20,217,000

Total wastewater conveyed to the North Attleborough Treatment Plant was 191,484,000 gallons, this represents 14.13 % of the total volume treated at the wastewater plant during 2004. The plant has a designed capacity to treat 4,600,000 gallons per day. Plainville is allowed to discharge 1,060,000 gallons of sewage per day on average to the plant. There are restrictions on peak hourly flows and maximum daily flows in order to avoid surcharging the plant with more flow than it can treat.

During 2004 the Sewer Department saw rather large projects adding new sewer mains and connections to the system. The Higgins Mobil Home Park at 160 Washington Street, "Walnut Hill" residential sub-division between Walnut and Warren Streets, Plainville Commons (Target Department Store) and the Eagles Landing residential sub-division were all connected. Extraneous flow of water into the sewer system continues to be a problem for the Sewer Department. We have consultants performing tasks to identify the specific areas of the sewer system that are allowing groundwater to enter into the sewer system. Groundwater entering the sewer system creates a problem for the wastewater treatment plant in North Attleboro, as it causes the treatment plant to be overloaded and raises the potential for untreated or improperly treated wastewater (sewage) to be discharged into the Ten Mile River, thus causing serious concern by the Federal E.P.A. and the Massachusetts D.E.P.

The Inter-Municipal Agreement between North Attleborough and Plainville has currently expired and is being cautiously renegotiated. At the Annual Town Meeting held in June of 2004 voters authorized the Sewer Commissioners to enter into an updated agreement. The Treatment Plant operated by the Town of North Attleborough is now over twenty five years old and is in need of capital refurbishment. Plainville town meeting voters approved an initial expenditure amounting to 23.5% of the cost to build the plant many years ago (1972), therefore it would seem to make sense that Plainville should pay 23.5% of the capital costs associated with the treatment plant now. This has a large impact on the finances of the Sewer Department and the Town of Plainville in general. Every effort is being made to assure that these costs are justifiably applied to the proper portion of the Town's finances, either being charged to the users of the sewer system or being charged to the "general fund". The Sewer Commissioners hired an outside consulting firm with an extensive background in these matters to assist with this matter and the results and recommendations of his work are being considered for incorporation into the new agreement.

During 2004, work was started on an update of the Plainville Sewer Facilities Plan, which was last updated in 1984. The consulting firm of Dufresne-Henry is under contract with the Sewer Commissioners to update this plan. The Massachusetts D.E.P., after having reviewed several recent Environmental Impact Reports submitted to them for various projects including the Plainville Commons and Walnut Hill projects previously mentioned, recommended that this updating be undertaken. The purpose of this update is to determine that Plainville's sewer system is operating within expectations and that areas of Plainville not currently sewered; but having been identified previously, as areas for consideration for sewers, will not be adversely affected by this new growth within the community. Further, the update will attempt to determine that these new projects have not and will not negatively impact the resources within the town of Plainville or the treatment plant in North Attleborough now or in the future.

Thanks to Dennis Marcure, Donald Sharpe Dan Jennings and Sara Rotondi for their continued support and loyalty to the Plainville Sewer Department during the past year. Thanks to all other Plainville employees who have contributed time and effort working with the Sewer Department.

ANNUAL REPORT OF THE TAX COLLECTOR

As we close another fiscal year, I would like to take this opportunity once again to thank the people of Plainville for their support in allowing me to serve them as Tax Collector. I would also like to thank the staff, Marie Kenerson and Kathy Palmer, for a job well done. We collected \$10,706,714.77 in taxes, interest and various fees associated with the tax office. Also, we collected \$244,742.80 in fees generated by various departments in Town Hall. All monies were turned over to the Town Treasurer for further processing. We processed over 3,200 real estate and personal property tax bills and more than 10,000 motor vehicle bills. Please remember, I am always available to discuss any concerns that a taxpayer may have.

Respectfully submitted,

Kathleen A. Parker
Tax Collector

FISCAL YEAR 2004 REPORT OF THE TOWN TREASURER

This fiscal year was another busy one in the Treasurer's office. We managed a cash flow of \$34,142,720.40; issued payroll checks to town employees totaling \$3,502,972.26; administered payroll withholdings for town and school employees amounting to \$2,328,919.73; and processed Treasury Warrants that totaled \$37,425,429.88. As I close my twenty-fourth year as Treasurer, I'd like to thank the townspeople for their continued support and Kathy Palmer for her invaluable help in the office.

Respectfully submitted,

Kathleen A. Parker

ANNUAL REPORT OF THE TREE WARDEN

To Plainville's Honorable Board of Selectmen:

I am pleased to submit to you this annual report for the Fiscal Year 2004.

Status of Account

Of the \$3000.00 appropriated for Fiscal Year 2004, only \$1055.00 was spent, leaving a surplus of \$1945.00.

Respectfully submitted,

Calvin Hall
Tree Warden

ANNUAL REPORT OF THE VETERANS' AGENT

This has been an unusually busy year for the Plainville Veterans Service Office. We received several applications for services, most of which we were able to provide assistance to. These included assistance to veterans and their widows with medical insurance and prescription co-pays and reimbursement for funeral expenses for a WW II vet. It is unfortunate that they need this assistance but gratifying that we can help them in some way.

Fortunately, the department is within our projected budget for this past year.

We have been working with the Plainville Council on Aging in an attempt to inform and recognize veterans and their spouses eligible for benefits. So far this has resulted in additional assistance being offered to the seniors in Plainville.

In the coming year we will be trying to compile a comprehensive list of veteran and doing more information outreach.

Respectfully submitted,

Vince Lorditch
Veterans' Agent

ANNUAL REPORT OF THE WATER DEPARTMENT

To the Honorable Boards of Water Commissioners and Selectmen :

Respectfully submitted by James R. Marshall, Jr., Superintendent

I respectfully submit the following report and pumping record for the year 2004.

MONTH	GALLONS PUMPED	MONTH	GALLONS PUMPED
JANUARY	15,110,000	JULY	19,280,000
FEBRUARY	19,603,000	AUGUST	18,375,000
MARCH	22,419,000	SEPTEMBER	21,671,000
APRIL	23,027,000	OCTOBER	13,911,000
MAY	15,876,000	NOVEMBER	12,895,000
JUNE	19,064,000	DECEMBER	17,668,000

Total gallons pumped in 2002- 218,899,000
599,723 gallons per day, average pumped daily

Two new "satellite wells", numbers 1a and 2a were constructed at the Turnpike Lake Well Water Treatment Plant. The purpose of these wells is to return capacity to the main wells #1 and #2, which had significantly decreased over time.

Construction of the new pumping station and associated treatment apparatus at Lake Mirimichi was started in the fall of 2004 and it is anticipated that the well will be activated in late spring or early summer of 2005. All permits from Massachusetts Department of Environmental Protection have been granted. The financing for this project is being provided by the Massachusetts State Revolving Loan Program at a low interest rate.

The Water Department responded to 1,524 service and emergency calls
Connected 54 new services for a total of 2062 active services.
Replaced 95 meters
Renewed 1 service
Repaired 3 service leaks
Replaced 2 hydrants and 5 others were repaired

In order to meet the requirements of the Federal Safe Drinking Water Act:

195 samples were taken for bacteriological analysis
80 samples for lead and copper analysis
3 nitrate analysis
3 nitrite analysis
3 routine analysis
3 secondary contaminants analysis
4 volatile organic compounds analysis
2012 pH samples
2012 iron samples
2012 chlorine residual samples

Water Department employees assisted the Plainville Highway Department with snow plowing operations. Our employees attended numerous educational seminars and training sessions provided and sponsored by the New England Water Works Association and Massachusetts Water Works Association. The employees are awarded continuing education credits for attendance at these seminars; all employees of the water department are appropriately licensed operators as required by the Massachusetts Department of Environmental Protection and fulfill requirements of the Federal Clean Drinking Water Act.

Thank you to all the citizens of Plainville who have expressed their thoughts about water supply issues in the past year.

Thanks to all the various department heads and elected officials at Town Hall; Calvin Hall and the employees of the Highway Department for their assistance during the year as well as Fire Chief Edwin Harrop and his Fire Department staff, Police Department and Town Office staff for all of the assistance afforded the Water Department during the year. Thanks to Dennis Marcure, Donald Sharpe and Sara Rotondi for their continued support and loyalty to the Plainville Water Department during the past year.

SERVICES PROVIDED

TO THE

TOWN OF PLAINVILLE

ANNUAL REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The operational program of the Project integrates all proven technologies into an Integrated Pest Management (IPM) system of mosquito control and vector management that is rational, environmentally sensitive and cost effective.

All mosquito eggs need water to hatch and to sustain larval growth.

Water Management Activities: An important component of our IPM approach is the management of shallow, standing, stagnant water, and the maintenance of existing flow systems which if neglected can contribute to mosquito breeding. In addition to normal drainage system maintenance, Project personnel advised residents on removal of water holding artificial containers on their property for the purpose of eliminating potential West Nile virus mosquito breeding habitat.

Drainage ditches checked/cleaned	970 feet
Culverts checked /cleaned	99 culverts

Larval Control: Treatment of mosquito larvae during aquatic development is the next most effective control effort. The products used during these applications were Bti and methoprene.

Spring aerial larvicide applications	284 acres
Larval control using briquette & granular applications	7.8 acres
Rain Basin treatments using briquettes (West Nile virus control)	220 basins

Adult Control: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, and/or threatening to residents. The product used during these applications was Sumithrin.

Adult control aerosol applications from trucks	6,016 acres
------------------------------------------------	-------------

Surveillance: Surveys, inspections, and monitoring in support of our program include GIS mapping of breeding areas, larval and adult collections, and fieldwork evaluations leading to better water management. West Nile virus activity has increased in Norfolk County over the past several years which has resulted in an expansion of the surveillance program in collaboration with the Massachusetts Department of Public Health (MDPH), State Laboratory Institute. MDPH has requested that the Norfolk County Mosquito Control Project expand mosquito surveillance across the county for the purpose of detecting viruses in collected mosquitoes as an early warning system for the residents of the county. Considerable manpower has been reallocated to these efforts, which is not reflected in this report.

Respectfully submitted,
John J. Smith, Director

ANNUAL REPORT OF SELF HELP INCORPORATED

During the program year ending September 30, 2004, Self Help, Inc., received a total funding of approximately \$16.7M and provided direct services to 23,823 limited income households in the area.

In the TOWN OF PLAINVILLE, Self Help, Inc. provided services totaling \$128,271 to 417 households during program year 2004.

Self Help's total funding of \$16,654,660 does not tell the real value of services delivered to the area as a whole. This funding enabled us to mobilize an additional \$1,448,314 of other community resources such as, volunteers, donations of space, and private donations in the form of goods and services. Therefore, the total impact of Self Help, Inc., during the past program year was \$18,534,048.

In addition, Self Help currently employs 285 individuals. Many of these individuals are of limited income, and most reside in our service area.

We feel that October 1, 2003 through September 30, 2004 was a successful program year for us because we were able to assist as many individuals and/or families as we did, regardless of the challenges of being a human service provider.

We thank the Board of Selectmen and all the volunteers for helping us to make fiscal year 2004 a successful one.

Respectfully submitted,

Norma Wang
Executive Assistant/Human Resource Manager

REPORT OF THE MAYOR'S OFFICE OF COMMUNITY DEVELOPMENT

45 School Street, Suite 2 Taunton, MA 02780- 3259

TO: Consortium Members

The Greater Attleboro/Taunton HOME Consortium (GATHC) was established during Fiscal Year 2004 with the goal of providing funding to the surrounding communities for affordable housing development, housing renovation, and down payment & closing cost assistance to first time homebuyers. The City of Taunton, through the Mayor's Office of Community Development (MOCD) has been designated as the Representative Member for GATHC. In this capacity, MOCD provides the administrative oversight on behalf of GATHC. The first year allocation is \$955,651 of federal HOME funds with an additional \$51,057 of American Dream Down Payment Initiative funds. The areas served are: Attleboro, Berkley, Dighton, Easton, Lakeville, Mansfield, Middleborough, North Attleboro, Norton, Plainville, Raynham, Seekonk, and Taunton. Access to these funds is through MOCD by calling (508) 821-1030 or e-mailing mocddir@tmlp.com.

From: David Bachrach
